

attributable interest in the entity with which they are so associated. The officers and directors of an entity that controls a cellular licensee shall be considered to have an attributable interest in the cellular licensee.

(7) Ownership interests that are held indirectly by any party through one or more intervening corporations will be determined by successive multiplication of the ownership percentages for each link in the vertical ownership chain and application of the relevant attribution benchmark to the resulting product, except that if the ownership percentage for an interest in any link in the chain exceeds 50 percent or represents actual control, it shall be treated as if it were a 100 percent interest. (For example, if A owns 20% of B, and B owns 40% of licensee C, then A's interest in licensee C would be 8%. If A owns 20% of B, and B owns 51% of licensee C, then A's interest in licensee C would be 20% because B's ownership of C exceeds 50%.)

(8) Any person who manages the operations of a cellular licensee pursuant to a management agreement shall be considered to have an attributable interest in such licensee if such person, or its affiliate, has authority to make decisions or otherwise engage in practices or activities that determine, or significantly influence,

(i) The nature or types of services offered by such licensee;

(ii) The terms upon which such services are offered; or

(iii) The prices charged for such services.

(9) Any licensee or its affiliate who enters into a joint marketing arrangements with a cellular licensee, or its affiliate shall be considered to have an attributable interest, if such licensee, or its affiliate, has authority to make decisions or otherwise engage in practices or activities that determine, or significantly influence,

(i) The nature or types of services offered by such licensee;

(ii) The terms upon which such services are offered; or

(iii) The prices charged for such services.

47 CFR Part 64

[CC Docket 94-158; FCC 99-171]

Operator Services Providers and Call Aggregators

AGENCY: Federal Communications Commission.

ACTION: Final rule; establishment of effective date.

SUMMARY: This document establishes the effective date of the rule published on August 30, 1999 concerning a deadline to update inaccurate information posted on a public phone about the presubscribed provider of long-distance operator services at that location.

DATES: Section 64.703(c) of the Commission's rules published at 64 FR 47118 (August 30, 1999) concerning Operator Services Providers and Call Aggregators shall become effective November 8, 1999.

FOR FURTHER INFORMATION CONTACT: Adrien R. Auger, Enforcement Division, Common Carrier Bureau (202) 418-0960, or via the Internet at aauger@fcc.gov.

SUPPLEMENTARY INFORMATION: On July 12, 1999, the Commission amended its rules to require that the information that call aggregators must post on or near pay phones be updated as soon as practicable, but no later than 30 days from the time of a change of the presubscribed operator service provider. The new rule was adopted in order to ensure that consumers are timely provided with basic information they need to make informed choices among telecommunications operator services providers. A summary of this order was published in the **Federal Register**. See 64 FR 47118, August 30, 1999. Because § 64.703(c) imposes new information collection requirements, it could not become effective until approved by the Office of Management and Budget (OMB). We stated that the Commission would publish a document in the **Federal Register** announcing the effective date for the rule. On September 24, 1999, OMB approved the information collections contained in the rule. (See OMB No. 3060-0653). This publication satisfies our statement that the Commission would publish a document announcing the effective date of the rule.
