CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Procurement of Goods and Services

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the **Federal Register** of July 27, 1999 (64 FR 40574), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of a collection of information associated with the procurement of goods and services. The Commission now announces that it has submitted to the Office of Management and Budget a request for extension of approval of that collection of information.

The Commission's procurement activities are governed by the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 253 *et seq.*). That law requires the Commission to procure goods and services under conditions most advantageous to the government, considering cost and other factors. Forms used by the Commission request persons who bid on contracts with the agency to provide information about costs or prices of goods and services to be supplied; specifications of goods and descriptions of services to be delivered; competence of the bidder to provide the goods or services; and other information about the bidder, such as the size of the firm and whether it is minority-owned. The Commission uses the information provided by bidders to determine the reasonableness of prices and costs and the responsiveness of potential contractors to undertake the work involved.

DEPARTMENT OF EDUCATION

Executive Order 13096, American Indian and Alaska Native Education

AGENCY: Department of Education.

ACTION: Notice inviting self-nominations for comprehensive Federal technical assistance service for school year 1999-2000.

Purpose: To invite nominations for public schools and schools funded by the Bureau of Indian Affairs to serve as models of effective education for American Indian and Alaska Native students. The selected schools will work with a special team of technical assistance providers, including Federal staff, to develop, pilot and implement a comprehensive service delivery model that coordinates and uses diverse Federal agency resources. The team will disseminate effective and promising practices of the school pilot sites to other local educational agencies. This activity is required by Executive Order 13096 on American Indian and Alaska Native Education.

Note: There is no award of funds to selected school pilot sites. The Department is not bound by any estimates in this notice.

Eligible Entities: Elementary and secondary schools providing a free public education to preschool through secondary age students that serve American Indian or Alaska Native students. In addition, elementary and secondary schools funded by the Bureau
