ENVIRONMENTAL PROTECTION AGENCY

[FRL-6454-9]

Office of Research and Development; Ambient Air Monitoring Reference and Equivalent Methods; Receipt of Applications for Reference and Equivalent Method Determinations

AGENCY: Environmental Protection
Agency.

ACTION: Notice of receipt of applications.

SUMMARY: The Environmental Protection Agency (EPA) is announcing that it has received an application for a reference method determination from the DKK Corporation (Tokyo, Japan) for DKK Corporation's Model GFS-112E SO₂ air monitoring method. Three applications have also been received by the EPA for

equivalent method determinations from Environnement S. A. (Paris, France) for its SANOA open path monitoring methods for O₃, SO₂, and NO₂.

FOR FURTHER INFORMATION CONTACT: Frank F. McElroy, Human Exposure and Atmospheric Sciences Division (MD-46), National Exposure Research Laboratory, U.S. EPA, Research Triangle Park, North Carolina 27711. Phone: (919) 541-2622, e-mail: mcelroy.frank@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Upon application and in accordance with regulations at 40 CFR Part 53, the EPA examines various methods for monitoring the concentrations of certain pollutants in the ambient air. Methods that are determined to meet specific requirements for adequacy are designated as either reference or equivalent methods, thereby permitting their use under 40 CFR Part 58 by States and other agencies for determining attainment of the National Ambient Air Quality Standards. As required by Part 53, this notice is to announce that EPA has received four applications to determine if four new continuous monitoring methods should be designated by the Administrator of the EPA as reference or equivalent methods under 40 CFR Part 53.

An application from DKK Corporation, 4-13-14 Kichijoji Kitamachi, Musashino-shi, Tokyo, Japan was received on June 21, 1999, for a reference method determination for DKK Corporation's Model GFS-112E SO₂ air monitoring analyzer. Applications from Environnement S. A., 111 Boulevard Robespierre, 78304 Poissy, France were received on February 17, 1999, June 28, 1999, and July 23, 1999, for equivalent method determinations for its SANOA Multigas Longpath Air Quality Monitoring System for monitoring O₃, SO₂, and NO₂, respectively.

If, after appropriate technical study, the Administrator determines that any or all of these methods should be designated as reference or equivalent methods, as appropriate, notice thereof will be published in a subsequent issue of the **Federal Register**.

Norine E. Noonan,

Assistant Administrator for Research and Development.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

October 4, 1999.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before December 13, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commissions, 445 12th Street, S.W., Room 1-A804, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0076.

Title: Annual Employment Report for Common Carriers.

Form Number: FCC Form 395.

Type of Review: Extension.

Respondents: Business or other for-profit entities.

Number of Respondents: 4000 respondents.
