Notice of Designation of Potential Wilderness as Wilderness, Fire Island National Seashore

AGENCY: National Park Service, Interior.

ACTION: Notice.

The Otis Pike Fire Island High Dunes Wilderness Act, Public Law 96-585, December 23, 1980, designated approximately 1,363 acres as wilderness in the Fire Island National Seashore and further identified 18 acres as potential wilderness additions. The National Park Service (NPS) described the wilderness and potential wilderness areas on maps entitled "Wilderness Plan-Fire Island National Seashore," dated December, 1980. In November, 1983 the NPS adopted the "Wilderness Management Plan, Fire Island National Seashore" which also contained the legal description of the wilderness boundaries and a map showing the wilderness and the potential wilderness areas.

Section (c) of Public Law 96-585 provided a process whereby potential wilderness additions within the Fire Island National Seashore would become designated wilderness upon publication in the **Federal Register** of a notice by the Secretary of the Interior that all uses on the land prohibited by the Wilderness Act (Public Law 88-577) have ceased.

The NPS has determined that all of the Wilderness Act prohibited activities of the following described designated potential wilderness additions have

ceased. Such lands are entirely in Federal ownership. In that these parcels now fully comply with the instructions contained in Pub. L. 96-585, this notice hereby designates the identified 17 acres of potential wilderness within Fire Island National Seashore as designated wilderness. This acreage will be added to the National Wilderness Preservation System and bring the total wilderness acreage of the Fire Island National Seashore to 1,380 acres, more or less. There remains 1 acre, more or less, of potential wilderness additions within Fire Island National Seashore.

The potential wilderness lands hereby designated as wilderness are described as:

(1) The sites of former residential structures and their associated access roads, further identified as;

(a) seven (7) sites at Long Cove

(b) thirteen (13) sites at Whalehouse Point

(c) one (1) site at Old Inlet

(2) the vehicle cuts at Long Cove, Whalehouse Point, and Old Inlet, and the sand roads leading from them to the access roads to the former residences at Long Cove, Whalehouse Point, and Old Inlet, and the access road to Watch Hill.

(3) The sites of the former Watch Hill horse stable and maintenance yard, and the access roads leading to them.

(4) The former Long Cove boardwalk nature trail.

The area of 1 acre, more or less, including the boardwalk nature trail at Smith point and the boardwalk, dune crossing and bathhouse at Old Inlet will remain as potential wilderness until such time as existing non-conforming uses are terminated.

The maps and legal description are on file at the headquarters of the Fire Island National Seashore, 120 Laurel Street, Patchogue, NY 11772, and at the Office of the Director, 1849 C Street NW, Washington DC 20240

Dated: October 4, 1999.

Director, National Park Service.
