

18. Independent Salt Company

[Docket No. M-1999-019-M]

Independent Salt Company, PO Box 36, Kanopolis, Kansas 67454 has filed a petition to modify the application of 30 CFR 49.6(a)(4) (equipment and maintenance requirements) to its Independent Salt Company Mine (I.D. No. 14-00411) located in Ellsworth County, Kansas. The petitioner requests a modification of the standard relating to equipment for recharging cylinders since suppliers of oxygen with capabilities of pumping the cylinders are within the time limit provided by the extra cylinders required by each unit. The petitioner states that the Kansas Mine Rescue Association members will have a total of twenty-four breathing apparatus at their disposal so immediate turn-around of any single unit is not extremely critical, and that shortly after notification of a mine disaster the district MSHA rescue team will arrive at the mine site with a portable oxygen pump. The petitioner asserts that application of the proposed alternative method will not compromise the safety of the miners.
