**DEPARTMENT OF DEFENSE**

**Office of the Secretary**

**Submission for OMB Review; Comment Request**

**ACTION:** Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Title and OMB Number:* Defense Federal Acquisition Regulation Supplement Part 217, Special Contracting Methods, and Related Provisions and Clauses in DFARS 252.217; OMB Number 0704-0214.

*Type of Request:* Extension.

*Number of Respondents:* 72,586.

*Responses per Respondent:* 1.3.

*Annual Responses:* 95,520.

*Average Burden per Response:* 14.4 hours.

*Annual Burden Hours:* 1,372,401.

*Needs and Uses:* DFARS Part 217 prescribes policies and procedures for acquiring supplies and services by special contracting methods. Contracting officers use the required information as follows:

The clause at DFARS 252.217-7012 is used in master agreements for repair and alteration of vessels. Contracting officers use the information required by paragraph (d) of the clause to determine that the contractor is adequately insured. This requirement supports prudent business practice because it limits the Government's liability as a related party to the work the contractor performs. Contracting officers use the information required by paragraphs (f) and (g) of the clause to keep informed of lost or damaged property for which the Government is liable, and to determine the appropriate course of action for replacement or repair of the property.

Contracting officers use the information required by the clause at DFARS 252.217-7018 to determine the place of performance under contracts for bakery and dairy products. This represents prudent business practice because it helps to ensure that food products are manufactured and processed in sanitary facilities.

Contracting officers use the information required by the provision at DFARS 252.217-7026 to identify the apparently successful offeror's sources of supply so that competition can be enhanced in future acquisitions. This collection complies with 10 U.S.C. 2384, Supplies: Identification of Supplier and Sources, which requires the contractor to identify the actual manufacturer or all sources of supply for supplies furnished under contract to DoD.

Contracting officers use the information required by the clause at 252.215-7028 to determine the extent of "over and above" work before the work commences. This requirement supports prudent business practice because it allows the Government to review the need for pending work before the contractor begins performance.

*Affected Pubic:* Business or Other For-profit.

*Frequency:* On occasion.

*Respondent's Obligation:* Required to obtain or retain benefits.

*OMB Desk Officer:* Mr. Peter N. Weiss.

Written comments and recommendations on the proposed information collection should be sent to Mr. Weiss at the Office of Management and Budget, Desk Officer for DoD Acquisitions, Room 10236, New Executive Office Building, Washington, DC 20503.

*DOD Clearance Officer:* Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: October 6, 1999.

**SUPPLEMENTARY INFORMATION:**

The Water Resources Development Act of 1986, Pub. L. 99-662, 100 Stat. 4082-4273, as amended, provides for the automatic deauthorization of water resource projects and separable elements of projects.

Section 1001(b)(2), 33 U.S.C. 579a(b)(2), requires the Secretary of the Army to submit to the Congress a biennial list of unconstructed water resources projects and separable elements of projects for which no obligations of funds have been incurred for planning, design or construction during the prior seven full fiscal years. If funds are not obligated within thirty months from the date the list was submitted, the project/separable element is deauthorized.

Notwithstanding these provisions, projects may be specifically deauthorized or reauthorized by law.

For purposes of the Water Resources Development Act of 1986, "separable element" is defined in section 103(f), Pub. L. 99-662, 33 U.S.C. 2213(f).

In accordance with section 1001(b)(2), the Assistant Secretary of the Army

(Civil Works) submitted a list of 27 projects and separable elements to Congress on October 31, 1994 (1994 List). From this list, 24 projects/separable elements were deauthorized on May 1, 1997, 2 were removed due to obligations of funds, and 1 was reauthorized by section 328 of the Water Resources Development Act of 1996, Pub. L. 104-303, 110 Stat. 3658, 3717.

Also in accordance with section 1001(b)(2), the Assistant Secretary of the Army (Civil Works) submitted a list of 32 projects and separable elements to Congress on October 4, 1996 (1996 List). From this list, 27 projects/separable elements were deauthorized on April 5, 1999; 2 were removed due to obligations of funds; 2 were reauthorized by section 364 of the Water Resources Development Act of 1999, Pub. L. 106-53, 113 Stat. 269, 313, subject to a Secretarial determination (see explanation below); and 1 was specifically deauthorized by section 361(b)(7) of the Water Resources Development Act of 1996, Pub. L. 104-303, 110 Stat. 3658, 3729.

Six projects were reauthorized by section 364 of Pub. L. 106-53, subject to a Secretarial determination that each

project is technically sound, environmentally acceptable, and economically justified. Two of these projects were on the 1996 List, as stated above, and one, Indian River County, FL, was never deauthorized.

Four projects reauthorized by section 115(a) of the Water Resources Development Act of 1992, Pub. L. 102-580, 106 Stat. 4797, 4821, were subsequently deauthorized on November 1, 1997, under the provisions of section 115(b).

The **Federal Register** notice of December 15, 1992, erroneously listed the Waikiki Beach, Oahu, HI, beach erosion control project as deauthorized. Since planning funds were obligated in fiscal year 1991, the project should have been removed from the list.

**Authority:** This notice is required by the Water Resources Development Act of 1986, Pub. L. 99-662, section 1001(c), 33 U.S.C. 579a(c), and the Water Resources Development Act of 1988, Pub. L. 100-676, section 52(d), 102 Stat. 4012, 4045.

Dated: September 27, 1999.

Approved:

**Joseph W. Westphal,**

*Assistant Secretary of the Army (Civil Works).*
