

Thirty-seventh Revised Sheet No. 27
 Thirty-fifth Revised Sheet No. 28
 Third Revised Sheet No. 28B
 Fourteenth Revised Sheet No. 29
 Sixteenth Revised Sheet No. 30A

Columbia asserts that the purpose of this filing is to implement revised base rates reflecting the settlement approved by the Commission on September 15, 1999 in Docket No. RP95-408 (Phase II). The settlement established environmental cost recovery through unit components of base rates, all as more fully set forth in article VI of the settlement filed April 5, 1999. Columbia states further that it and the other Sponsoring Parties to the settlement unanimously agreed to implement the settlement without waiting for the expiration of the 30-day rehearing period. If rehearing is sought and the Commission modifies its previous unconditional approval of the settlement, Columbia states that it will invoice and collect from customers the difference between these lower settlement levels and the now currently effective collection levels and all other amounts necessary to return everyone to the same monetary position that existed prior to the early implementation of the settlement.

Columbia states that a copy of the filing have been served by mail to all parties to the proceeding, as well as all customers and affected state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
