The levels set forth above are subject to adjustment pursuant to the provisions of Annex 300-B of the NAFTA.

Products in the above categories exported during 1999 shall be charged to the applicable category levels for that year (see directive dated September 30, 1998) to the extent of any unfilled balances. In the event the levels established for that period have been exhausted by previous entries, such products shall be charged to the levels set forth in this directive.

The foregoing levels do not apply to NAFTA originating goods, as defined in Annex 300-B, Chapter 4 and Annex 401 of the NAFTA. In addition, restrictions and consultation levels do not apply to textile
