El Paso Natural Gas Company; Notice of Application for Abandonment Authorization

October 13, 1999.

Take notice that on September 28, 1999, El Paso Natural Gas Company (El Paso), a Delaware corporation, whose mailing address is Post Office Box 1492, El Paso, Texas 79978, filed an application at Docket No. CP99-626, pursuant to Section 7(b) of the Natural Gas Act (NGA), and 157.5 et seq., of the Federal Energy Regulatory Commission's (Commission) Regulations Under the NGA for permission and approval to abandon one injection/withdrawal well, the associated well-tie pipe and the service rendered by means thereof at the Washington Ranch Storage Facility in Eddy County, New Mexico, all as more fully set forth in the application on file with the Commission and open to public inspection.

Federal No. 9 Well (Well No. 9), at the Washington Ranch Facility, which deterioration threatened to contaminate local groundwater.

The application asserts that the estimated cost to rework (inspect, repair, and cement) Well No. 9 and
