Department of the Navy

Notice of Redesignation of Environmental Impact Statement as Environmental Assessment

AGENCY: Department of the Navy, DOD.

ACTION: Notice.

SUMMARY: The Navy's intent to prepare an Environmental Impact Statement (EIS) is hereby withdrawn for the following: Disposal and Reuse of Naval Undersea Warfare Center (NUWC), New London, Connecticut. Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality Regulations (40 CFR Parts 1500-1508), the Department of the Navy published a Notice of Intent to prepare an EIS for the Disposal and Reuse of NUWC New London, Connecticut, in the **Federal Register** on May 5, 1997.

The Navy has reviewed the proposed Reuse Plan prepared for the NUWC New London site by the New London Development Corporation (NLDC). The Reuse Plan proposes two prominent land uses for the site including a State park and residential/hotel and conference center. The US Coast Guard and a small Navy function will remain on the site. During the analysis of impacts expected from implementation of the Reuse Plan, it has been determined that the unmitigated impacts will not be significant. Accordingly, the Navy has prepared an Environmental Assessment (EA) rather than an EIS for this disposal and reuse action. The EA was mailed to elected officials, state and local agencies, special interest groups and interested citizens on August 30, 1999. This notice announces to the public that this EIS has been redesignated as an EA.
