BILLING CODE 4510-29-M

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-295 and 50-304] s

Commonwealth Edison Company (Zion Nuclear Power Station Units 1 and 2); Exemption**I**

Commonwealth Edison Company (ComEd or the licensee) is the holder of Facility Operating License Nos. DPR-39 and DPR-48, which authorize the licensee to possess the Zion Nuclear Power Station (ZNPS). The license states, among other things, that the facility is subject to all the rules, regulations, and orders of the US Nuclear Regulatory Commission (the Commission or NRC) now or hereafter in effect. The facility consists of two pressurized-water reactors located at the ComEd site on the west shore of Lake Michigan about 40 miles north of Chicago, Illinois, in the extreme eastern portion of the city of Zion, Illinois (Lake County). The facility is permanently shut down and defueled, and the licensee is no longer authorized to operate or place fuel in the reactor.

II

Section 73.55 of Title 10 of the Code of Federal Regulations, "Requirements for physical protection of licensed activities in nuclear power reactors against radiological sabotage," states that "The licensee shall establish and maintain an onsite physical protection system and security organization which will have as its objective to provide high assurance that activities involving special nuclear material are not inimical to the common defense and security and
