The results of this discussion may lead to subsequent Commerce Business Daily requests for proposals regarding cooperative technology demonstrations.

The morning session will be focused on providing the Federal Digital Earth vision, program, progress, and organization. DATES: The meeting will be held in the USGS main Auditorium on November 10, 1999, commencing at 9 a.m. and adjourning at 3 p.m. The meeting may be extended to 5 p.m. based on the number of attendees indicating interest in presenting their views on Digital Earth.

Notice of Temporary Motor Vehicle Closure on Public Lands; Linn County, OR

AGENCY: Bureau of Land Management, Salem District Office, Cascades Resource Area, Oregon.

ACTION: A temporary closure to motorized vehicle use on public lands administered by the Bureau of Land Management (BLM), Cascade Resource Area, Salem District, Oregon.

SUMMARY: The BLM is temporarily closing certain public lands in Linn County to the use of motorized vehicles.

DATES: The closure will take effect upon the published date of this notice. The closure will continue until August 31, 2001 to allow time for a restoration plan to be completed and implemented.

FOR FURTHER INFORMATION CONTACT:

Laura Graves, Salem District Office, 1717 Fabry Road SE, Salem, OR 97306, telephone (503) 375-5908.

Discussion of the Rules

The public lands affected by this closure are all lands administered by the BLM in Sections 15, 16, 17, 21 and 23 of Township 11 South, Range 1 East, Willamette Meridian, Oregon. Closure signs will be posted at main entry points to these locations. Maps of the closure area and information on the restoration plans may be obtained from the Salem District Office.

The lands affected by this closure have special status fish and wildlife species and are currently receiving high levels of off-road use by motorized vehicles. This use is causing soil erosion into streams, loss of vegetation and disturbance to wildlife. In addition, vehicles are being used for illegal dumping of household and commercial trash.

The restoration plan will address improving resource conditions and managing motorized access in the long term.
