FOR FURTHER INFORMATION CONTACT: Mr. Charles S. Boyd, Division Administrator, Federal Highway Administration, 640 Grassmere Park, Suite 112, Nashville, Tennessee 37211, Telephone: (615) 781-5770.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Tennessee Department of Transportation, will prepare an Environmental Impact Statement (EIS) on a proposal to improve U.S. Route 64

Alternatives under consideration include (1) taking no action; and (2) widening the existing two-lane highway to four lanes to the east and west of the Ocoee River Gorge, and constructing a four-lane divided highway on new location to bypass existing U.S. 64 through the Ocoee River Gorge.

[FRA Docket No. FRA-1999-5685, Notice No. 3]

RIN 2130-AB33

Proposed Joint Statement of Agency Policy Concerning Shared Use of the General Railroad System by Conventional Railroads and Light Rail Transit Systems

AGENCIES: Federal Railroad Administration (FRA), Federal Transit Administration (FTA), DOT.

ACTION: Extension of comment period.

SUMMARY: By notice of a proposed policy statement published on May 25, 1999 (64 FR 28238), FRA and FTA proposed how they intend to coordinate use of their respective safety authorities to address safety issues related to light rail transit operations that take place, or are planned to take place, on the general railroad system of transportation. The proposal also summarized how the process of obtaining waivers of FRA's safety regulations may work, particularly where the light rail and conventional rail operations occur at different times of day. In that notice, the deadline for the submission of written comments was July 30, 1999. By notice published on July 28, 1999 (64FR 40931), the deadline for the submission of written comments was extended until October 29, 1999.

Due to the need to ensure that all interested parties have a sufficient amount of time to fully develop their comments, and because FRA's separate proposed statement of agency policy concerning its safety jurisdiction over railroad passenger operations is not yet published, this document announces an additional extension of the deadline for the submission of written comments.

DATES: Written comments must be received by January 14, 2000. Comments received after that date will be considered to the extent possible without incurring additional expense or delay.

ADDRESSES: Procedures for written comments: Submit one copy to the Department of Transportation Central Docket Management Facility located in room PL-401 at the Plaza level of the Nassif Building, 400 Seventh Street, SW, Washington, DC 20590. All docket material on the proposed statement will be available for inspection at this address and on the Internet at <http://doms.dot.gov>.
