

natural gas technologies; multi-fuel micro-turbines; carbon extraction and sequestration technologies);

(3) encourage the design, development, and adoption of EERE technology-based strategies for accomplishing environmental and human health objectives under the Clean Air Act and other environmental laws and policies, particularly at the State and Local government level;

(4) encourage the use of Geographical Information Systems (GIS) and other computer-assisted analytical, planning, and decision-support tools to assist communities to evaluate the energy, environmental, and economic impacts and costs of various options for energy generation, distribution, and use; and

(5) develop financial risk and liability models for investments in EERE technologies and systems in order to assist investors and other stakeholders to evaluate financial risk exposure resulting from energy investment choices.

In addition, financial assistance applications will be requested to support region-wide technical assistance activities in developing countries and countries in transition to support the development of human and institutional capabilities related to EERE by governmental entities, not-for-profit organizations, and industry organizations. The region-wide activities must encompass one of the following regions: Latin America, Africa, South Asia, or Eastern Europe, and encompass several countries within that region.

Million Solar Roofs Initiative (MSRI)—The purpose of the MSRI is to spur the installation of solar energy systems on one million U.S. buildings by 2010. The initiative seeks to catalyze market demand through the elimination of barriers to the use of solar energy systems on buildings and the establishment of State and Community Partnerships. Applications will be requested under this solicitation to develop information, training, and workshops to assist in the elimination of specific barriers. A separate solicitation providing direct support to Million Solar Roofs State and Community Partnerships will be issued by the Golden Field Office not later than January 2000. Additional information about the programs of the Office of EERE can be obtained at the Office's Internet site at <http://www.eren.doe.gov/ee.html>.
