

Specifically, § 61.13(b) states that the amount of each fee will be determined based on the following criteria:

- direct and indirect personnel costs;
- physical overhead, consulting, and other indirect costs including rent and depreciation on land, buildings and equipment;
- agency management and supervisory costs;
- costs of enforcement, research and establishment of regulations and guidance;
- use of electronic data processing equipment to collect and maintain information—the actual cost of the service, including computer search time, runs and printouts; and
- any other direct or indirect costs related to the provision of services.

The HIPDB incurs substantial labor costs for manual data input, sorting and responding to calls for Helpline assistance in order to process self-queries, as well as substantial postage and packaging costs for mailing self-query results to practitioners. As a result, based on an analysis of the costs of processing self-queries, the Department is establishing a ten dollar fee for each self-query.

In order to minimize administrative costs, the Department will accept payment for self-queries only by credit card. The HIPDB accepts Visa, MasterCard, and Discover. This fee is effective beginning November 19, 1999.

The Department will continue to review the user fee periodically, and will revise it as necessary. Any changes in the fee and its effective date will be announced in the **Federal Register**. We will also announce the fee structure and the opening date for queriers *submitted by authorized entities* through a separate **Federal Register** notice to be published shortly.

Dated: October 26, 1999.

June Gibbs Brown,

Inspector General.
