Approval and Promulgation of Implementation Plans: Revisions to the Alabama Department of Environmental Management (ADEM) Administrative Code for the Air Pollution Control Program**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revision submitted on April 22, 1999, by the State of Alabama. These revisions were made to comply with the regulations set forth in the Clean Air Act (CAA). Included in this document are revisions to Chapter 335-3-1—General Provisions which establishes Credible Evidence regulations and Chapter 335-3-14—Air Permits which allows exemptions for projects which are found to be beneficial to the environment. In the Final Rules section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Written comments must be received on or before December 3, 1999.

ADDRESSES: Written comments should be addressed to Kimberly Bingham, at the EPA Regional Office listed below. Approval and Promulgation of Air Quality Implementation Plans; Virginia; Control of VOC Emissions From Solvent Metal Cleaning Operations**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: EPA proposes to approve State Implementation Plan (SIP) revisions submitted by the Commonwealth of Virginia. The revisions pertain to and clarify the Commonwealth's regulation to control of volatile organic compound (VOC) emissions from solvent metal cleaning operations using non-halogenated solvents, and update another of its regulations to incorporate certain federal regulations by reference. In the Final Rules section of this **Federal Register**, EPA is approving the Commonwealth's SIP revision requests as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by December 3, 1999.

Approval and Promulgation of Air Quality Implementation Plans; New Jersey; Approval of National Low Emission Vehicle Program**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by the State of New Jersey on February 22, 1999. That revision committed that the State will accept compliance with the National Low Emission Vehicle (National LEV) program requirements as a compliance option for new motor vehicles sold in the State. New Jersey has previously adopted the California Low Emission Vehicle (CAL LEV) program, but the State has made clear that National LEV is the preferred motor vehicle control
