30 CFR Part 948

[WV-074-FOR]

West Virginia Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Final rule; correction.

SUMMARY: This notice corrects OSM's decision on an amendment submitted by the State of West Virginia as a modification to its permanent regulatory program under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). OSM published its decision on the provision in the October 4, 1995, **Federal Register** (60 FR 51900). The decision being corrected concerns bond forfeiture, and specifically concerns the liability for reclamation costs that are in excess of the amount of bond forfeited. This correction is intended to comply with the decision of the United States District Court for the Southern District of West Virginia in *Cat Run Coal Co. v. Babbitt*, No. 2: 95-1063 (S.D. W.Va. Aug. 8, 1996).

EFFECTIVE DATE: November 12, 1999.

FOR FURTHER INFORMATION CONTACT: Mr. Roger W. Calhoun, Director, Charleston Field Office, 1027 Virginia Street East, Charleston, West Virginia 25301. Telephone: (304) 347-7158.

SUPPLEMENTARY INFORMATION:

Background

In a series of three letters dated June 28, 1993, and July 30, 1993 (Administrative Record Numbers WV-888, WV-889, and WV-893), the West Virginia Division of Environmental Protection (WVDEP) submitted an amendment to its approved permanent regulatory program. The amendment included numerous revisions to the West Virginia Surface Coal Mining and Reclamation Act, and the West Virginia Surface Mining Reclamation Regulations (CSR 38-2-1 *et seq.*). OSM grouped the proposed revisions that concern reclamation bonding into one amendment that was approved, with exceptions, in the October 4, 1995, **Federal Register** (60 FR 51900). In that notice, OSM approved an amendment to CSR 38-2-12.4.e. concerning the forfeiture of reclamation bonds. Specifically, subsection 12.4.e. concerns the liability for reclamation costs that are in excess of the amount of bond forfeited. The provision that OSM approved provided, in part, that "[t]he operator, permittee, or other responsible party shall be liable for all costs in excess of the amount forfeited."

Need for Correction

On August 8, 1996, the Court in *Cat Run Coal Co. v. Babbitt* vacated OSM's decision to approve CSR 38-2-12.4.e. Specifically, the Court vacated OSM's approval of the phrase "other responsible party," because it determined that the approval violated the notice and comment requirements of the Administrative Procedure Act (APA), 5 U.S.C. 500 *et seq.*, as well as the APA requirement to "adopt a concise general statement of * * * [the rule's] basis and purpose." *Cat Run*, Slip op. at 9 through 15. The Court also found that OSM failed to ascertain the precise meaning and scope of the term "other responsible parties," and that, as a result, could not reach a reasoned and informed conclusion as to whether the proposal was consistent with SMCRA. Slip op. at 12 through 14. Finally, the Court found that CSR 38-2.12.4.e. was inconsistent with SMCRA's objective of internalizing the liability for reclamation of surface coal mining operations, because it purported to hold parties other than surface coal mining permittees and operators liable for reclamation costs in excess of site specific reclamation performance bond

amounts. Slip op. at 15 through 20. Consequently, we are amending our approval of CSR 38-2-12.4.e. to show that the phrase "other responsible party" is not approved. In addition, we are requiring that CSR 38-2-12.4.e. be amended to delete the phrase "other responsible party."

The Federal regulations at 30 CFR 948.15 codifying decisions concerning the West Virginia program are being amended to implement this revised decision. After the October 4, 1995, publication of the final rule notice containing our approval of CSR 38-2-12.4.e., the format of the codification section at 30 CFR 948.15 was changed from individual paragraphs to a summary table. Therefore, the correction will have the following effect in the summary table at 30 CFR 948.15. In the table at 30 CFR 948.15, for the "Original amendment submission date" of June 28, 1993, and "date of final publication" of October 4, 1995 and February 21, 1996, the "Citation/

description" section of the approved provisions will be revised to exclude from the approval of CSR 38-2-12.4.e. the phrase "other responsible party."

Administrative Procedure Act

The Administrative Procedure Act provides exceptions to its notice and public comment procedures when an agency finds that there is good cause for dispensing with such procedures on the basis that they are impracticable, unnecessary, or contrary to the public interest. We have determined that, under 5 U.S.C. 553(b)(B), good cause exists for dispensing with the notice and public comment procedures in this case. Good cause exists because this rule merely removes regulations already declared void by the Court. Therefore, opportunity for prior comment is unnecessary and we are issuing this regulation as a final rule.

In addition, under 5 U.S.C. 553(d)(3), we find good cause for dispensing with the 30-day delay in the effective date of

this final rule because we are merely removing a provision already declared void by the court.

Dated: October 22, 1999.

Allen D. Klein,

Regional Director, Appalachian Regional Coordinating Center.
