SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit, with those comments, a self-addressed stamped postcard on which the commenter will date and time stamp and return to the FAA to acknowledge receipt of their comments submitted in triplicate to the address listed above. Commenters wishing the availability of NPRM’s should also request a copy of Advisory Circular No. 11–2a, which describes the application procedure.

Availability of NPRM’s

Any person may obtain a copy of this NPRM by submitting a request to the Federal Aviation Administration, Airspace Branch, ANM – 520, 1601 Lind Avenue SW, Renton, Washington 98055–4056. Communications must identify the docket number of this NPRM. Persons interested in being placed on a mailing list for future NPRM’s should also request a copy of Advisory Circular No. 11–2a, which describes the application procedure.

The Proposal

The Federal Aviation Administration (FAA) is considering an amendment to Title 14 Code of Federal Regulations, part 71 (14 CFR part 71) by establishing Class D airspace at Jackson, WY. This amendment would provide Class D airspace to be used with the establishment of a new ATCT at Jackson Hole Airport. The FAA establishes Class D airspace where necessary to contain aircraft transitioning between the terminal and en route environments. The intended effect of this proposal is designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under Instrument Flight Rules (IFR) and Visual Flight Rules (VFR) at Jackson Hole Airport and between the terminal and en route transition states.

The area would be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. Class D surface airspace areas are published in Paragraph 5000, of FAA Order 7400.9G dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class D airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. If, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (49 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

§ 71.1 [Amended]

1. The authority citation for 14 CFR part 71 continues to read as follows:

§ 71.1 [Amended]
2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9G, Airspace Designations and Reporting Points, dated September 1, 1999, and effective September 16, 1999, is amended as follows:
Paragraph 5000 General
* * * * *

ANN MT D Jackson, WY [New]

Jackson Hole Airport, WY (Lat. 43°36′24″ N, long. 110°44′17″ W)

That airspace extending upwards from the surface to and including 8,900 feet MSL within a 4.3-mile radius of the Jackson Hole Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 946
[VA–116–FOR]

Virginia Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Proposed rule; reopening of public comment period.

SUMMARY: OSM is reopening the public comment period on a proposed amendment to the Virginia regulatory program (hereinafter referred to as the Virginia program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The proposed amendment consists of the following: a statutory change to the Virginia Act at
II. Discussion of the Proposed Amendment

By letter dated August 2, 1999 (Administrative Record No. VA–978), the Virginia Department of Mines, Minerals and Energy (DMME) submitted an amendment to the Virginia program. This amendment is the State’s response to changes made to the Federal SOAP regulations at 30 CFR Part 795, and to the Federal definition of “government-financed construction” at 30 CFR 707.5. We announced receipt of the proposed amendment in the August 20, 1999, Federal Register (64 FR 45489), invited public comment, and provided an opportunity for a public hearing on the adequacy of the proposed amendment. The comment period closed on September 20, 1999. No one requested to speak at a public hearing, so no hearing was held.

By letters dated October 1, 1999 (Administrative Record Number VA–987), and October 28, 1999 (Administrative Record Number VA–993) the DMME submitted amendments to 4 VAC 25–130–795.11(b). We are reopening the comment period to provide opportunity to comment on the two new changes which are described below. 4 VAC 25–130–795.11(b) Assistance Funding.

This provision is amended by deleting the words “is authorized to” and replacing those words with the word “shall.” As amended, this provision states that the Division shall establish a formula for allocating funds to provide services for eligible small operators if available funds are less than those required to provide the services pursuant to this part.

In addition, the DMME submitted its formula for allocating limited funds. The DMME stated that, should available funds ever be insufficient to provide all requested and appropriate assistance to eligible small operators, the DMME will provide services on a first come, first serve basis. The funds will be used in order of the application dates for the requested assistance.

III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), we are now seeking your comments on whether the amendments discussed above satisfy the applicable program approval criteria of 30 CFR 732.15. If we determine that the amendments are adequate, they will become part of the Virginia program.

Written Comments

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the rulemaking [or administrative] record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking [or administrative] record a respondent’s identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Your written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of your recommendations. If your comments are received after the time indicated under DATES or at locations other than the Big Stone Gap Field Office, we will not necessarily consider them in the final rulemaking or include them in the Administrative Record.

IV. Procedural Determinations

Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15 and 732.17(h)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.
Environmental Protection Agency

40 CFR Part 372

[OPPPTS-400140C; FRL-6394-1]

RIN 2070-AD38

Lead and Lead Compounds; Lowering of Reporting Thresholds; Community Right-to-Know Toxic Chemical Release Reporting; Public Meetings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; public meetings.

SUMMARY: EPA will hold public meetings to obtain comment on issues relating to the Agency’s August 3, 1999 proposed rule to lower the reporting thresholds for lead and lead compounds which are subject to reporting under section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) and section 6607 of the Pollution Prevention Act of 1990 (PPA).

Currently, the EPCRA section 313 reporting thresholds for lead and lead compounds are 25,000 pounds manufactured or processed, or 10,000 pounds otherwise used. The August 3, 1999 proposed action would lower the threshold for each category to 10 pounds. EPA expects that the proposed action will significantly increase the number of reports submitted for lead and lead compounds, as well as result in a number of Toxic Release Inventory (TRI) facilities filing reports for the first time under EPCRA section 313 and section 6607 of PPA.

DATES: The first meeting will take place in Los Angeles, CA on November 30, 1999, from 9 a.m. to 3 p.m. The second meeting will take place in Chicago, IL on December 2, 1999, from 9 a.m. to 3 p.m. The third meeting will take place in Washington, DC on December 14, 1999, from 9 a.m. to 3 p.m.

ADDRESSES: The meeting in Los Angeles, CA will be held at the Junipero Serra State Building at 107 South Broadway in the auditorium, Room 1138 (1st and Broadway). The meeting in Chicago, IL will be held at the Environmental Protection Agency, the Lake Michigan Room (12th Floor), 77 West Jackson Boulevard. The meeting in Washington, DC will be held at the Environmental Protection Agency, Auditorium, Education Center, 401 M St., SW.

FOR FURTHER INFORMATION CONTACT: To sign up to speak at the meeting or for general information on section 313 of EPCRA, contact the Emergency Planning and Community Right-to-Know Hotline, Environmental Protection Agency, Mail Code 5101, 401 M St., SW., Washington, DC 20460, Toll free: 1–800–535–0202, in Virginia and Alaska: 703–412–9877 or Toll free TDD: 1–800–553–7672.

For technical information on the EPCRA section 313/PPA section 6607 lead and lead compounds proposed rulemaking contact: Daniel R. Bushman, Environmental Protection Agency, Mail Code 7408, 401 M St., SW., Washington, DC 20460; telephone number 202–260–3882, e-mail address: bushman.daniel@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Public Meeting Announcement Apply to Me?

This announcement is directed to the public in general. It may, however, be of particular interest to facilities that manufacture, process, or otherwise use lead or lead compounds. Specific industry groups that may want to attend may include, but are not limited to: (1) facilities in electronic components and accessories (SIC code 367), including printed circuit boards (SIC code 3672) that use lead-based solder, flux, cable coverings, piezoelectric ceramics or conduct other activities associated with lead and/or lead compounds; (2) facilities in motor vehicle and motor vehicle equipment (SIC code 371) that use bearing metals, casting metals, terne metals, solder, brake linings or conduct other activities associated with lead and/or lead compounds; (3) facilities in plating and polishing (SIC code 3471) that use zinc anodes or conduct other activities associated with lead and/or lead compounds; (4) facilities in printing and publishing (SIC code 27) including commercial printing (SIC code 275) that use inks containing lead in their pigment base or conduct other activities associated with lead and/or lead compounds; and (5) facilities in manufacturing industries (SIC codes 20–39) that combust coal, oil, or wood.

Other entities or individuals may also be interested in attending. The Agency has not, therefore, attempted to describe all the specific entities that may be interested in attending these public meetings. If you have any questions about the public meetings, please consult the technical person listed under “FOR FURTHER INFORMATION CONTACT.”

B. How Can I Get Additional Information, Including Copies of this Document or Other Related Documents?

1. Electronically. You may obtain electronic copies of this document and certain other related documents that might be available electronically from the EPA Internet Home Page at http://...
