

7. Vehicles

(A) You must not enter the river corridor by motor vehicle in any area closed to that use.

(B) You must not operate a vehicle on other than established roads and trails.

8. Motorized Equipment

(A) You must not possess or use any motorized equipment or machinery activated by a non-living power source within the designated wild section of the Grande Ronde River from the USFS boundary near Grossman Creek (approximately river mile 62) downstream to Wildcat Creek (approximately river mile 53).

(B) You may use small, battery-powered, hand carried devices.

9. Other Acts

(A) No party or group larger than 25 people may launch, be on the river, stop, or camp within the boundary stated in these supplementary rules.

(B) You must obtain a permit for any boat trip prior to launching.

(C) You must follow the requirements of your permit and its permit stipulations.

(D) You must follow the regulations posted at launch sites.

10. Exemptions

Persons who are exempt from these supplementary rules include any Federal, State, or local officer, and members of any organized rescue or fire-fighting force in performance of an official duty, and any person authorized in writing by the Bureau of Land Management.

Penalties

(A) Under 18 U.S.C. 3571 and 43 CFR 8351.2-1, any person who violates any of these supplementary rules within the wild and Scenic portions of the river corridors may be tried before a United States Magistrate and fined no more than \$500 or imprisoned for no more than 6 months, or both. Such violations may also be subject to the enhanced fines provided for by Title 18 U.S.C. 3571.

(B) On public lands outside of the designated Wild and Scenic river corridors, under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733(a)) and 43 CFR 8365.1-6 any person who violates any of these supplementary rules within the boundaries established in the supplementary rules may be tried before a United States Magistrate and fined no more than \$1,000 or imprisoned for no more than 12 months, or both. Such violations may also be subject to the

enhanced fines provided for by 18 U.S.C. 3571.

Charles Wassinger,

Associate State Director.

Bureau of Reclamation

Bay-Delta Advisory Council's Ecosystem Roundtable Issues Subcommittee Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meeting.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable Issues Subcommittee will meet on December 8, 1999 to discuss revisions to next years proposal solicitation package. Focus will be on local involvement, public access, and minimum requirements for applicants. This meeting is open to the public. Interested persons may make oral statements to the Ecosystem Roundtable or may file written statements for consideration.

DATES: The BDAC's Ecosystem Roundtable meeting will be held from 9:30 a.m. to 12:00 p.m. on Wednesday, December 8, 1999.

ADDRESSES: The Ecosystem Roundtable will meet at the Resources Building, Room 1118, 1416 Ninth Street, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Wendy Halverson Martin, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay-Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This efforts, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advise to CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and programs.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

Dated: November 16, 1999.

Lester A. Snow,

Regional Director, Mid-Pacific Region.
