

Determination

As a result of this determination by the Commission that revocation of this antidumping duty order would not be likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department, pursuant to section 751(d)(2) of the Act, is revoking the antidumping duty order on potassium permanganate from Spain. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2), the effective date of revocation is January 1, 2000. The Department will instruct the U.S. Customs Service to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after January 1, 2000 (the effective date). The Department will complete any pending administrative reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Notice of Postponement of Preliminary Antidumping Duty Determinations: Certain Small and Large Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From the Czech Republic, Romania and Mexico

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 24, 1999.

FOR FURTHER INFORMATION CONTACT: Dennis McClure or Magd Zalok, DAS Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-0984, or (202) 482-4162, respectively.

Postponement of Preliminary Determination

The Department of Commerce ("the Department") is postponing the preliminary determinations in these antidumping duty investigations of

certain small and large diameter carbon and alloy seamless standard, line and pressure pipe from the Czech Republic, Romania, and Mexico. As a result of this extension, the deadline for issuing the preliminary determinations in these investigations is now January 26, 2000.

On July 28, 1999, the Department initiated antidumping investigations of certain small and large diameter carbon and alloy seamless standard, line and pressure pipe from the Czech Republic, Romania, and from Mexico. *See Initiation of Antidumping Duty Investigations: Certain Large Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Japan and Mexico; and Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From the Czech Republic, Japan, the Republic of South Africa and Romania*, 64 FR 40825. The notice stated that the Department would issue its preliminary determinations no later than 140 days after the date of initiation (*i.e.*, December 7, 1999).

Pursuant to 19 CFR 351.205(e), on November 10, 1999, the petitioners filed requests that the Department postpone the small diameter pipe preliminary determinations for the Czech Republic and Romania. The petitioners' request for postponement was timely, and the Department finds no compelling reason to deny the request.

Further, the Department has now concluded, consistent with section 733(c)(1)(B) of the Tariff Act of 1930, as amended ("the Act"), that the Mexican investigation of large diameter pipe is extraordinarily complicated, and that additional time is necessary to issue the preliminary determination, due to (a) the complexity of the issues raised in this case, requiring the issuance of supplemental questionnaires, and (b) the inherent difficulty of coordinating the analysis of cross-cutting issues for several related antidumping investigations (*i.e.*, whether certain merchandise constitutes a separate class or kind of merchandise). Therefore, in accordance with section 733(c)(1)(A) of the Act, the Department is postponing these preliminary determinations until January 26, 2000.

This extension is in accordance with section 733(c) of the Act and 19 CFR 351.205(b)(2).

Dated: November 17, 1999.

Acting Assistant Secretary for Import Administration.

Static Random Access Memory Semiconductors From Taiwan; Antidumping Duty New Shipper Review and First Administrative Review; Time Limits

AGENCY: Import Administration, International Trade Administration, United States Department of Commerce.

ACTION: Notice of extension of time limits of final results of 1997-1998 New Shipper Review and of Preliminary Results of 1997-1999 Administrative Review.

EFFECTIVE DATE: November 24, 1999.

FOR FURTHER INFORMATION CONTACT: Shawn Thompson at (202) 482-1776, or Irina Itkin at (202) 482-0656, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230.

Postponement of Final Results of New Shipper Review and Preliminary Results of Administrative Review

The Department issued the preliminary results of the new shipper review of the antidumping duty order on static random access memory semiconductors from Taiwan on October 4, 1999 (64 FR 55251 (October 12, 1999)). The current deadline for the final results in this review is December 31, 1999. In accordance with section 751(a)(2)(B)(iv) of the Tariff Act of 1930 (the "Act"), as amended, and 19 CFR 351.214(i)(2), the Department finds that this new shipper review cannot be completed within the original time frame due to the extraordinarily complicated nature of certain issues in this review. Thus, the Department is extending the time limit for completion of the final results of the new shipper review until March 2, 2000, which is 150 days after the date on which the preliminary results were issued. *See* memorandum to Robert LaRussa, dated November 17, 1999.

Moreover, because it is not practicable to complete the administrative review within the time limits mandated by the Uruguay Round Agreements Act (245 days from the last day of the anniversary month for preliminary results, 120 additional days for final results), pursuant to section 751(a)(3)(A) of the Act, and 19 CFR 351.213(h)(2), the Department is extending the time limit for completion of the preliminary results of the administrative review
