## DEPARTMENT OF TRANSPORTATION

### Federal Highway Administration

#### Reports, Forms and Recordkeeping Requirements; Agency Information Collection Activity Under OMB Review

**AGENCY:** Federal Highway Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected burden. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following information collection was published on May 20, 1999 (64 FR 27615).

**DATES:** Comments must be submitted on or before December 30, 1999.

**FOR FURTHER INFORMATION CONTACT:** Mr. James Getzewich, (202) 366-0175, Highway Systems Performance, Office of Highway Policy Information, Federal Highway Administration, 400 7th Street, SW., Washington, DC 20590-0001. Office hours are from 7:30 a.m. to 4 p.m., e.t., Monday through Friday, except Federal holidays.

#### SUPPLEMENTARY INFORMATION:

*Title:* Highway Performance Monitoring System (HPMS)—Field Manual.

*OMB Number:* 2125-0028.

*Type of Request:* Renewal of a currently-approved information collection.

*Affected Public:* State governments of the 50 United States, the District of Columbia, the Commonwealth of Puerto

Rico, and the four territories (American Samoa, Guam, Northern Marianas, and Virgin Islands).

*Abstract:* The HPMS data which is collected is used for management decisions affecting transportation, such as estimates of future highway needs of the Nation and assessments of the highway system performance. This data is essential to FHWA and Congress in evaluating effectiveness of the Federal-aid highway program providing miles, lane-miles, and travel components of apportionment formulae. The information is used by FHWA to develop and implement legislation and by State and Federal transportation officials to adequately plan, design, and administer effective, safe, and efficient transportation systems. A recently completed reassessment of the HPMS resulted in the elimination and/or streamlining of approximately 20 percent of the required data. Therefore, a reduction in burden hours for this currently-approved information collection is anticipated.

*Frequency:* Annually.

*Estimated Burden:* The estimated average burden per response for the annual collection and processing of the HPMS data is 1,440 hours for the States, the District of Columbia and the Commonwealth of Puerto Rico; and 20 hours for each of the four territories. The estimated total annual burden for all respondents is 74,960 hours.

**ADDRESSES:** Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention: DOT Desk Officer. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is most effective if OMB receives it within 30 days of publication of this Notice.

Issued on: November 22, 1999.
