Notice Pursuant to the National Cooperative Research and Production Act of 1993—GE Corporate Research and Development: Bulk Gallium Nitride and Homoepitaxial Device Manufacturing

Notice is hereby given that, on August 6, 1999, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), GE Corporate Research and Development has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the venture.

The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are GE Corporate Research and Development, a division of General Electric Company, Niskayuna, NY; and Sanders, a division of Lockheed Martin Corporation, Nashua, NH. The nature and objectives of the venture are to conduct research on Bulk Gallium Nitride (GaN) and Homoepitaxial Device manufacturing. The activities of this joint venture will be partially funded by an award from the Advanced Technology Program, National Institute of Standards and Technology, Department of Commerce.
