

withdrawn from warehouse, for consumption until a final and conclusive decision in the case was reached. We also announced that we would instruct the Customs Service to change the relevant cash deposit rates in the event that the CIT's ruling is not appealed or the CAFC issues a final decision affirming the CIT's ruling.

On August 24, 1999, in *Inland Steel Industries, Inc. v. United States*, 188 F.3d 1349 (Fed. Cir. 1999), the CAFC affirmed the CIT's decisions on all issues before it. On November 4, 1999, the CAFC issued its mandate.

Therefore, as there is now a final and conclusive court decision in this case, we are amending our final determination.

Amendment to Final Determination

Pursuant to 19 U.S.C. 1516a(e), we are now amending our final determination in certain steel products from France. The recalculated net subsidy rate for all programs for Usinor Sacilor and the country-wide rate is 15.13% *ad valorem*. We will instruct the Customs Service to change the cash deposit requirements accordingly. In addition, because there have been no requests for administrative reviews of the countervailing duty order, the Department will instruct the Customs Service to proceed with liquidation of subject merchandise entered on or after December 7, 1992, the date of the Department's preliminary determination, and before April 6, 1993, the date on which the Department's authority to impose provisional measures lapsed as explained in the final determination, 58 FR at 37314, as well as subject merchandise entered on or after August 17, 1993, the date on which the countervailing duty order was published, and before December 31, 1998, which is the last day of the most recent period for which no administrative review was requested.

Dated: November 19, 1999.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.
