NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules for Electronic Copies Previously Covered by General Records Schedule 20; Availability and Request for Comments

AGENCY: National Archives and Records Administration, Office of Records Services—Washington, DC.

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal.

This request for comments pertains solely to schedules for electronic copies of records created using word processing and electronic mail where the recordkeeping copies are already scheduled. (Electronic copies are records created using word processing or electronic mail software that remain in storage on the computer system after the recordkeeping copies are produced.)

These records were previously approved for disposal under General Records Schedule 20, Items 13 and 14. Pursuant to NARA Bulletin 99-04, agencies must submit schedules for the electronic copies associated with program records and administrative records not covered by the General Records Schedules. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a). To facilitate review of these schedules, their availability for comment is announced in **Federal Register** notices separate from those used for other records disposition schedules.

DATES: Requests for copies must be received in writing on or before January 18, 2000. On request, NARA will send a copy of the schedule. NARA staff usually prepare appraisal
