## DEPARTMENT OF COMMERCE

### International Trade Administration

#### Extension of Time Limit for Final Results of Five-Year Reviews

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of extension of time limit for final results of five-year ("sunset") Reviews.

**SUMMARY:** The Department of Commerce ("the Department") is extending the time limit for the final results of seven expedited sunset reviews initiated on August 2, 1999 (64 FR 41915) covering various antidumping duty orders as well as a suspended countervailing duty investigation. Based on adequate responses from domestic interested parties and inadequate responses from respondent interested parties, the Department is conducting expedited sunset reviews to determine whether revocation of the antidumping duty orders and suspended countervailing duty investigation would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy.

As a result of these extensions, the Department intends to issue its final results not later than February 28, 2000.

**EFFECTIVE DATE:** December 3, 1999.

Scott E. Smith or Melissa G. Skinner, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-6397, or (202) 482-1560 respectively.

#### Extension of Final Results

In accordance with section 751(c)(5)(C)(v) of the Tariff Act of 1930, as amended ("the Act"), the Department may treat a review as extraordinarily complicated if it is a review of a transition order (*i.e.*, an order in effect on January 1, 1995; *see* section 751(c)(6)(C) of the Act). The Department has determined that the sunset reviews of the following antidumping duty orders and suspended countervailing duty investigation are extraordinarily complicated:

A-588-815 Grey Portland Cement and Cement Clinker from Japan

C-307-804 Grey Portland Cement and Cement Clinker from Venezuela

A-588-817 Flat Panel Displays (Electroluminescent) from Japan

A-570-808 Chrome-Plated Lug Nuts from the People's Republic of China

A-583-810 Chrome-Plated Lug Nuts from Taiwan

A-557-805 Extruded Rubber Thread from Malaysia

A-823-802 Uranium from the Ukraine

Therefore, the Department is extending the time limit for completion of the final results of these reviews until not later than February 28, 2000, in accordance with section 751(c)(5)(B) of the Act.

Dated: November 29, 1999.

#### Final Results of Expedited Sunset Reviews: Certain Carbon Steel Butt-Weld Pipe Fittings From Brazil, Taiwan, Japan, Thailand, and The People's Republic of China

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of expedited sunset reviews: Certain carbon steel butt-weld pipe fittings from Brazil, Taiwan, Japan, Thailand, and The People's Republic of China.

**SUMMARY:** On May 3, 1999, the Department of Commerce ("the Department") initiated sunset reviews of the antidumping duty orders on certain carbon steel butt-weld pipe fittings ("pipe fittings") from Brazil, Taiwan, Japan, Thailand, and The People's Republic of China ("China") (64 FR 23596) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of a notice of intent to participate and an adequate response filed on behalf of a domestic interested party and inadequate response (in these cases no response) from respondent interested parties in each of these reviews, the Department decided to conduct expedited reviews. As a result of these reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to the continuation or recurrence of dumping at the levels indicated in the Final Results of Reviews section of this notice.
