To request time to provide brief oral comments at the meeting, please contact Dr. Fowle *in writing* by mail, fax or e-mail at the addresses given above no later than 12 noon by Tuesday, December 14, 1999. Please be sure to provide a summary of the issue you intend to present, your name and address (include phone, fax and e-mail) and the organization (if any) you will represent. Written comments should be submitted to Ms. Winston at the above address prior to the meeting date.

Copies of the draft *Towards Integrated Environmental Decision-Making* will be available on the SAB Website (www.epa.gov/sab) approximately 10 days before the meeting.

Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. For teleconference meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date (usually one week before the meeting), may be mailed to the relevant SAB committee or subcommittee; comments received too close to the meeting date will normally be provided to the committee at its meeting.

Additional information concerning the Science Advisory Board, its structure, function, and composition, may be found on the SAB Website (<http://www.epa.gov/sab>) and in The FY1999 Annual Report of the Staff Director which is available from the SAB Publications Staff at (202) 564-4533 or via fax at (202) 501-0582.

Meeting Access

Individuals requiring special accommodation at this teleconference meeting, including wheelchair access to the conference room, should contact Dr. Fowle at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: November 24, 1999.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Submitted to OMB for Review and Approval

November 26, 1999.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the

information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before January 5, 2000. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Judy Boley, Federal Communications Commission, Room 1-C804, 445 12th Street, SW, Washington, DC 20554 or via the Internet to jboley@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judy Boley at 202-418-0214 or via the Internet at jboley@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0106.

Title: Section 43.61—Reports of

Overseas Telecommunications Traffic.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 400 respondents; 440 total annual responses.
Estimated Time Per Response: 48 hours.

Frequency of Response: Quarterly and annual reporting requirements.

Total Annual Burden: 21,070 hours.

Total Annual Cost: \$377,000.

Needs and Uses: The telecommunications traffic data report is an annual reporting requirement imposed on common carriers engaged in the provision of overseas telecommunications services. The reported data is useful for international planning, facility authorization, monitoring emerging developments in communications services, analyzing market structures, tracking the balance of payments in international communications services, and market analysis purposes. Subject carriers are required to submit their annual reports no later than July 31 of each year for the preceding period of January through December. A revised report must be submitted for inaccuracies exceeding five percent of the reported figure by October 31 pursuant to Section 43.61(a)(2).

The Commission and industry members use the data in the facilities

planning and facilities authorization process to estimate traffic and market trends in various regions of the world. Also, the data is used to monitor the development and competitiveness of U.S. international product and geographic markets and to gauge the competitive impact of Commission decisions on these markets. Additionally, the data assists the Commission in tracking the growth in net settlement payments to foreign carriers. It also provides the Commission with information necessary to identify those routes for which settlement rates are at a level low enough to permit relief from certain regulatory requirements, including the prohibition of the use of private lines for the provision of switched, basic services (also referred to as "ISR"). The Commission additionally relies on the annual and quarterly reports to monitor for traffic and revenue distortions on particular routes. These distortions may result from one-way bypass of the Commission's international settlement policy on these routes, which can increase U.S. carrier net settlement payments to their foreign correspondents.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.
