

District, Building 50-6 Coast Guard Island, Alameda, CA 94501-5100, telephone (510) 437-3515.

SUPPLEMENTARY INFORMATION: The Coast Guard anticipates that economic consequences of this deviation will be minimal. The bridge provides only 1 foot vertical clearance over Mean High Water in the closed position. The City and County of San Francisco held an Open House on June 24, 1999 to advise concerned parties of the proposed work, and has scheduled the work to minimize impacts on navigation.. A cruise vessel which berths immediately upstream of the bridge has been able to secure alternative moorings during the work. The work is scheduled when recreational boating is minimal, and the City and County have provided alternative moorings to one mariner who normally berths at the Mission Creek Harbor Association moorings upstream of the bridge, but who desired to moor downstream of the bridge during the closed period. The closure will preclude the use of the San Francisco fire boat or other emergency watercraft upstream of the bridge, however, all moorings can be accessed via city streets by land based emergency equipment.

This deviation from the normal operating regulations in 33 CFR 117.149 is authorized in accordance with the provisions of 33 CFR 117.35.

Dated: November 24, 1999.

C.D. Wurster,

Captain, U.S. Coast Guard, Acting Commander, Eleventh Coast Guard District.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[Region VII Tracking No. 088-1088; FRL-6501-4]

Approval and Promulgation of Air Quality Implementation Plans; State of Iowa; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correcting amendment.

SUMMARY: This document corrects an error in the amendatory instruction in a direct final rule pertaining to the Cedar Rapids, Iowa, attainment and maintenance of the sulfur dioxide National Ambient Air Quality Standard regulation.

EFFECTIVE DATE: December 7, 1999.

FOR FURTHER INFORMATION CONTACT: Edward West at (913) 551-7330.

SUPPLEMENTARY INFORMATION: EPA published a document on March 11, 1999 (64 FR 12087), inadvertently omitting a revision to the nonregulatory tables in paragraph (e). This document adds that revision.

Administrative Requirements

Under Executive Order (E.O.) 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to review by the Office of Management and Budget. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4), or require prior consultation with state officials as specified by E.O. 12875 (58 FR 58093, October 28, 1993), or involve special consideration of environmental justice related issues as required by E.O. 12898 (59 FR 7629, February 16, 1994).

Because this corrective rulemaking action is not subject to notice-and-

comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the United States Senate, the United States House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This amendment to the rule for the Cedar Rapids, Iowa, attainment and maintenance of the sulfur dioxide National Ambient Air Quality Standard regulation is not a "major rule" as defined by 5 U.S.C. 804(2).

Dated: November 9, 1999.

Dennis Grams, P.E.,

Regional Administrator, Region VII.

Part 52 of chapter I, title 40, *Code of Federal Regulations*, is amended as follows:
