

or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket No. PR00-6-000]

Transok, LLC; Notice of Petition for Rate Approval

December 7, 1999.

Take notice that on December 3, 1999, Transok LLC (Transok) submitted for filing a fuel tracker to reflect the fuel use for Transok's combined Oklahoma Transmission System. Transok anticipates that it will combine its Traditional and Anadarko Systems into the Oklahoma Transmission System on February 1, 2000. The Commission has already approved the combination, pending necessary modifications to Transok's computer systems and current contracts.

Transok seeks an effective date of the later of February 1, 2000 or the date of implementation of the combined Oklahoma Transmission System. Transok has served a copy of the filing on all current shippers on its present Anadarko and Traditional Systems and on the Oklahoma Corporation Commission.

Any person desiring to participate in this proceeding should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All motions or protests should be filed on or before December 22, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party

must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Williams Gas Pipelines Central, Inc.; Notice of Proposed Changes in FERC Gas Tariff

December 7, 1999.

Take notice that on December 1, 1999, Williams Gas Pipelines Central, Inc. (Williams), tendered for filing to become part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheet, with the proposed effective date of January 1, 2000.

Second Revised Sheet No. 6B

Williams states that this filing is being made pursuant to Article 13 of the General Terms and Conditions of its FERC Gas Tariff to reflect revised fuel and loss reimbursement percentages. The percentages are based on actual fuel and loss for the twelve months ended September 30, 1999.

Williams states that a copy of its filing was served on all jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. Federal Energy Regulatory Commission

[Project No. 1494-171 Oklahoma]

Grand River Dam Authority; Notice of Availability of Final Environmental Assessment

December 7, 1999.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR Part 380 (Order No. 486, 52 F.R. 47910), the Office of Hydropower Licensing has prepared a final environmental assessment (FEA) for Grand River Dam Authority's proposal to permit Dennis Blakemore, d/b/a Honey Creek Landing, to modify an existing commercial marina facility located on Grand Lake's Honey Creek adjacent to the Honey Creek Bridge (US Highway 59). The proposed modifications include, but are not limited to, the relocation of a fuel dock from its approved location, about 845 feet from the northern shoreline to a new (present) location, about 130 feet from the northern shoreline. Further, the permittee proposed to replace four existing boat slips with a building containing a business office, bathhouse, and laundromat. The Pensacola Project is on the Grand River, in Craig, Delaware, Mayes, and Ottawa Counties, Oklahoma.

The FEA is attached to a Commission order issued on November 15, 1999 for the above application. Copies of the FEA can be obtained by calling the Commission's Public Reference Room at (202) 208-1371. It may also be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (please call (202) 208-2222 for assistance). In the FEA, staff concludes that approval of the licensee's proposal, as well as various alternative actions, would not constitute a major Federal action significantly affecting the quality of the human environment. For further information, please contact the project manager, Jon Cofrancesco at (202) 219-0079.
