

pending rate, certificate and other proceedings filed before the FERC.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 6, 2000, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment and that a grant of the certificate are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for the Applicants to appear or be represented at the hearing.

David P. Boergers,
Secretary.

[Docket No. CP00-39-000]

Koch Gateway Pipeline Company; Notice of Application

December 10, 1999.

Take notice that on December 1, 1999, Koch Gateway Pipeline Company (Koch Gateway), a Delaware corporation, P.O. Box 1478, Houston, Texas 77251-1478,

filed in Docket No. CP00-39-000, an application pursuant to Section 7(b) of the Natural Gas Act (NGA), and Section 157.18 of the Federal Energy Regulatory Commission's (Commission) Regulations for permission and approval to abandon by sale an undivided interest in certain pipeline facilities located in Mobile County, Alabama, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm>. Call (202) 208-2222 for assistance.

Specifically, Koch Gateway requests authorization to abandon by sale to Florida Gas Transmission Company (FGT) an undivided interest in Koch Gateway's Mobile Bay Lateral such that FGT acquires an ownership interest giving FGT the right to 300,000 Dth per day of capacity. This application is made in conjunction with an application by FGT in Docket No. CP00-40-000 for a significant expansion of its system (Phase V Expansion). Koch Gateway states that it believes no existing customer will be affected by the proposed abandonment.

If there are any further questions regarding this project, the following individual may be contacted: Kyle Stephens, Director of Certificates, Koch Gateway Pipeline Company, P.O. Box 1478, Houston, Texas 77251-1478, at (713) 544-7309.

Any person desiring to be heard or to make any protest with reference to said application should, on or before December 30, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, a protest or motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214) and the Regulations Under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this document if no motion to intervene is

filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval of the proposed abandonment is required by the public convenience and necessity. If a motion for leave to intervene is timely, filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Koch Gateway to appear or be represented at the hearing.

David P. Boergers,
Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Questar Pipeline Company; Notice of Application

December 10, 1999.

Take notice that on December 2, 1999, Questar Pipeline Company (Questar), 180 East 100 South, Salt Lake City, Utah 84111, filed in Docket No. CP00-41-000 an application pursuant to Section 7(c) of the Natural Gas Act (NGA) for authorization to expand the capacity of its existing Fidler Compressor Station (Fidler Station), located in Uintah County, Utah, by (1) installing and operating one additional new turbine driven compressor, (2) restaging an existing turbine driven compressor (Unit No. 1) and (3) increasing the maximum allowable operating pressure (MAOP) of its existing Maine Line No. 80, located in Uintah and Daggett Counties, Utah, all as more fully set forth in the application that is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Questar states that it owns and operates Fidler Station, which comprises three principal transmission compressor units, as part of its interstate transmission system and that the proposed installation of a new 4,829 ISO HP turbine-driven compressor unit will boost main-line pressure and provide additional firm capacity of approximately 58,850 Dth of natural gas per day on its system. Questar asserts that the restaging of the existing compressor Unit No. 1 is necessary to accommodate the increased operating pressure of the station and that the
