Title: Request for Release of Lien and/or Approval of Sale.

OMB Control Number: 0572-0041.

Type of Request: Reinstatement without change of previously approved information collection.

Abstract: The Rural Utilities Service (RUS) makes mortgage loans and loan guarantees to electric and telecommunications systems to provide and improve electric and telecommunications service in rural areas pursuant to the Rural Electrification Act of 1936, as amended (7 U.S.C. 901 *et seq.*) (RE Act). All current and future capital assets of RUS borrowers are ordinarily mortgaged or pledged to the Federal Government as security for RUS loans. Assets include tangible and intangible utility plant, non-utility property, construction in progress, and materials, supplies, and equipment normally used in a telecommunications system. The RE Act and the various security instruments, e.g., the RUS mortgage, limit the rights of a RUS borrower to dispose of its capital assets.

The RUS Form 793, Request for Release of Lien and/or Approval of Sale, allows the telecommunications program borrower to seek agency permission to sell some of its assets. The form collects detailed information regarding the proposed sale of a portion of the borrower's system. RUS telecommunications borrowers fill out the form to request RUS approval in order to sell capital assets.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2.84 hours per response.

Respondents: Small businesses or organizations.

Estimated Number of Respondents: 75.

Estimated Number of Responses per Respondent: 1.

Estimate Total Annual Burden on Respondents: 213.
