DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket Nos. EC00-38-000, ER00-803-000 and EL00-26-000]****PECO Energy Company; PECO Energy Power Company; Susquehanna Power Company; Notice of Filing**

December 20, 1999.

Take notice that on December 16, 1999, PECO Energy Company filed an application under Section 203 of the Federal Power Act for authorization to implement a plan of corporate restructuring.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before January 18, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm>

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY**Federal Energy Regulation Commission****[Project Nos. 3721-004, 4896-000]****Puget Sound Energy, Inc. and Dennis V. McGrew & Associates; Notice of Effective Date of Withdrawal of License Application and Reinstatement of Preliminary Permit Application**

December 20, 1999.

On June 17, 1981, Dennis V. McGrew and Associates (McGrew) filed a preliminary permit application for the proposed Nooksack Falls Project No. 4896, to be located on the North Fork Nooksack River near Glacier in Whatcom County, Washington. On February 23, 1982, Puget Sound Power and Light Company (Puget) filed a competing license application for the proposed Nooksack Falls Project No. 3721, to be located at the same site as McGrew's proposed project.¹ The Commission accepted both applications for filing and issued public notice of each.

In a subsequent order issued August 15, 1985,² the Commission concluded that McGrew had failed to meet the burden of proof for his proposal (*i.e.*, the application failed to substantiate important aspects of the proposal, including technical, environmental, and economic) as a necessary prerequisite to a comparative analysis with Puget's competing application for a license. Accordingly, the Commission dismissed McGrew's preliminary permit application without prejudice, stating that in the event Puget's application is subsequently dismissed or denied, the Commission would reinstate McGrew's permit application with its original filing date and without it being subject to a proceeding inviting new competitive filings.

On August 10, 1999, Puget withdrew its license application. No one filed a motion in opposition to the withdrawal, and the Commission took no action to disallow it. Accordingly, pursuant to Rule 216 of the Commission's Rules of Practice and Procedure, 18 CFR 385.216,

¹ Puget subsequently changed its name to Puget Sound Energy, Inc.

² 32 FERC ¶ 61,229.

the withdrawal became effective on August 25, 1999.

By letter dated September 29, 1999, McGrew advised the Commission that it remains interested in pursuing its preliminary permit application for the Nooksack Falls Project. The application is therefore reinstated with its original filing date. The Commission will entertain no competing applications for the site.

David P. Boergers,
Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. CP00-48-000]****Tennessee Gas Pipeline Company; Notice of Application**

December 20, 1999.

Take notice that on December 10, 1999, Tennessee Gas Pipeline Company (Tennessee), 1001 Louisiana Street, Houston, Texas 77002, filed an application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act, 15 U.S.C. 717f(b) and 717f(c), as amended, and Subpart A of the Commission's regulations thereunder, 18 CFR 157.5 *et seq.*, Subpart A, for authorization to abandon approximately 19.3 miles of certain 8-inch pipeline segment that comprises part of Tennessee's Concord Lateral. Additionally, Tennessee requests that the Commission issue a Certificate of Public Convenience and Necessity authorizing Tennessee to (1) construct, install and operate approximately 19.3 miles of 20-inch replacement pipe commencing in Dracut, Massachusetts and terminating in Londonderry, New Hampshire; and (2) construct, install and operate delivery point facilities, including a meter station, to allow Tennessee to provide firm natural gas transportation service of up to 130,000 dekatherms per day of natural gas to a new industrial end-use customer, AES Londonderry, LLC (AES) (referred to hereinafter as the "Londonderry 20" Replacement Project" or the "Project"), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Tennessee states that as a result of an open season conducted between July 29, 1999 and August 11, 1999, Tennessee has entered into a binding precedent agreement with AES for a total of 130,000 dekatherms per day of firm transportation service on the Concord
