SUPPLEMENTARY INFORMATION: There are 12 tracts of public land in Arkansas located in seven different counties: Baxter, Cleburne, Crawford, Fulton, Pike, Searcy, and Van Buren. The total acreage of the twelve tracts is 535 acres with the largest tract being 160 acres and the smallest 5 acres. The request for additional public input is because of increased public interest after release of the Proposed Planning Analysis on November 29, 1999, which proposed to make the tracts available for disposal through sale, exchange or Recreation and Public Purposes Act conveyance.

**Urban Park and Recreation Recovery
Program**

AGENCY: National Park Service, Interior.

ACTION: Notice of FY 2000 Grant Round—UPARR Rehabilitation Grants

SUMMARY: This notice announces the availability of grant funds under the Rehabilitation phase of the Urban Park and Recreation Recovery (UPARR) Program and provides information on the application process including eligible recipients and deadlines for submission of proposals.

DATES: NPS will accept preapplications on or before March 31, 2000.

ADDRESSES: See **SUPPLEMENTARY INFORMATION** section for NPS addresses.

FOR FURTHER INFORMATION CONTACT: Tom Ross, Assistant Director, Recreation and Conservation, National Park Service, Department of the Interior, 1849 "C" Street, N.W., Washington, D.C. 20240; (202) 565-1200.

SUPPLEMENTARY INFORMATION: For Fiscal Year 2000, Congress has appropriated \$2,000,000 for the funding of projects under the Urban Park and Recreation Recovery Act of 1978 (Pub. L. 95-625). By law, grants made for projects in any one State are not to exceed 15 percent of the funds appropriated. As a result NPS will consider proposals from eligible local jurisdictions for funding projects with a dollar limit equal to or less than the State limitation of \$300,000 (Federal share of total project cost) under the Rehabilitation phase of the program. Preapplications must be received by the appropriate NPS field office by no later than March 31, 2000.

Rehabilitation grants will be targeted to rehabilitate existing neighborhood recreation areas and facilities which have deteriorated to the point where health and safety are endangered or the community's range of quality recreation service is impaired. Proposals must be designed to provide recreation services within a specified area identified by the applicant. Proposals may identify improvements at multiple sites or facilities, each of which must be individually addressed. Grants may be used to remodel, rebuild, or develop existing outdoor or indoor recreation areas and facilities.

Eligible Jurisdictions: Eligible urban jurisdictions as listed in 36 CFR part 72, appendix B and which have an approved Recovery Action Program (RAP) on file with and approved by NPS within the last five years will be eligible to compete for Rehabilitation grant funds. If a jurisdiction's RAP plan expired since the last Congressional appropriation for the UPARR program (FY 1995), the highest elected official of that jurisdiction may submit either (1) A new or updated RAP for NPS review
