The Secretary awards up to 3 points for an application that meets this competitive priority. Projects that will contribute to a systemic educational reform in an Empowerment Zone, including a Supplemental Empowerment Zone, or an Enterprise Community designated by the United States Department of Housing and Urban Development or the United States Department of Agriculture, and are made an integral part of the Zone's or Community's comprehensive community revitalization strategies.

1. A page is 8.5" x 11", on one side only with 1" margins at the top, bottom, and both sides.

2. You must double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

If you use a proportional computer font, you may not use a font smaller than a 12-point font. If you use a non-proportional font or a typewriter, you may not use more than 12 characters per inch.

The page limit does not apply the Application for Federal Education Assistance Form (ED 424); the Budget Information Form (ED 524) and attached itemization of costs; the other application forms and attachments to those forms; the assurances and certifications; or the one-page abstract and table of contents. The page limit applies only to item 15 in the checklist for Applicants provided above.

IF, IN ORDER TO MEET THE PAGE LIMIT, YOU USE PRINT SIZE, SPACING, OR MARGINS SMALLER THAN THE STANDARDS SPECIFIED IN THIS NOTICE, YOUR APPLICATION WILL NOT BE CONSIDERED FOR FUNDING.

Application Narrative and Abstract

The narrative should address fully all aspects of the selection criteria in the order listed and should give detailed information regarding each criterion. *Do*

not simply paraphrase the criteria. Provide position descriptions for key personnel. This package includes questions and answers to assist you in preparing the narrative portion of the application. Prepare a one-page single-spaced abstract that summarizes the proposed project activities, the expected outcomes, and how the application addresses the announced invitational priorities, if applicable.

Budget

Budget line items must support the goals and objectives of the proposed project and be directly applicable to the program design and all other project components. Prepare an itemized budget for each year of requested funding. Indirect costs for institutions of higher education which are the fiscal agents for Teachers and Personnel Grants are limited to the lower of either 8% of the modified total direct cost base or the institution's indirect cost agreement. A modified direct cost is defined as total direct costs less stipends, tuition and related fees and capital expenditures of \$5,000 or more. In describing student support costs distinguish costs for tuition and fees from costs for stipends.

Final Application Preparation

Use the above checklist to verify that all items are addressed. Prepare one original with an original signature, and include three additional copies. Do not use elaborate bindings or covers. The application package must be mailed to the Application Control Center (ACC) and postmarked by the deadline date of February 23, 1999.

Submission of Application to State Educational Agency

Section 7146(a)(4) of the Act (Elementary and Secondary Education Act of 1965, as amended by the Improving America's Schools Act of 1994, Pub. L. 103-382) requires all applicants except schools funded by the Bureau of Indian Affairs to submit a copy of their application to their State educational agency (SEA) for review and comment (20 U.S.C. 7476(a) (4)). Section 75.156 of the Education Department General Administrative Regulations (EDGAR) requires these applicants to submit their application to the SEA on or before the deadline date for submitting their application to the Department of Education. This section of EDGAR also requires applicants to attach to their application a copy of their letter that requests the SEA to comment on the application (34 CFR 75.156). Applicants that do not submit

a copy of their application to their SEA will not be considered for funding.

Questions and Answers

Does the Teachers and Personnel Grants Program have specific evaluation requirements?

Yes, the evaluation requirements are described in section 7149 of Title VII of ESEA, 20 U.S.C. 7479

What requirements must grantees meet related to teacher certification?

The Title VII statute requires grantees to assist educational personnel in meeting State and local certification requirements. However, because certification requirements vary among States, applicants are given flexibility in designing activities that lead to meeting State and local certification requirements.

What activities are authorized under Teachers and Personnel Grants?

Authorized activities are those which support professional development of teachers and other educational personnel who are either involved with, or preparing to be involved with, serving students with limited English proficient proficiency. Such activities may include, but are not limited to, the development of program curricula; collaboration with local school districts in designing new teacher training activities; and reforming and improving teacher training programs to reflect high standards of professionalism. Only institutions of higher education, applying in consortia arrangements with one or more local educational agencies or State educational agencies, are eligible to apply for preservice programs. This means the institution of higher education would be the lead agency and the fiscal agent for the grant. State educational agencies and local educational agencies may, however apply for inservice training programs.

May program budgets include costs for items other than student tuition and fees?

Project budgets should reflect the proposed program activities. In addition to student support costs, budget items may include costs for personnel, supplies or equipment, and other costs to support proposed professional developmental activities.

What information may be helpful in preparing a narrative for the Teachers and Personnel Grant?

In responding to the selection criteria, applicants may wish to consider the following questions as a guide for preparing application narrative.

- What are the specific responsibilities of districts, schools, institutions of higher education, and other partnership organizations in

planning, implementing, and evaluating the proposed program? What resources and support will be provided by each of the contributing partners?

- How does the training curricula reflect high standards for pedagogy, content, and proficiency in English and a second language to ensure that participants are effectively prepared to provide instruction and support to LEP students?

- How will the program assist in systemically reforming policies and practices in the target schools and in the IHE related to the preparation of new teachers, the induction of new bilingual/ESL teachers, clinical experiences for new bilingual/ESL teachers and other educational personnel, or professional development opportunities for all teachers?

- What selection criteria will the applicant adopt to ensure that individuals selected to participate in the program hold promise for successfully completing program requirements?

- What support will be provided to new bilingual/ESL teachers by experienced bilingual/ESL teachers, higher education faculty, and school administrators to guide them during their period of induction?

- How will the instructional responsibilities of new teachers be balanced with appropriate professional development, support and planning time?

- How will clinical experiences for preservice participants be structured to ensure that they are well-supervised, of sufficient duration and in a setting which provides opportunities for participants to experience a variety of effective bilingual education instructional methods and approaches?

- How is the training curriculum based on current research related to effective teaching and learning? What evidence of effectiveness supports the training model?

- What are the expected outcomes for participant learning, effectiveness in the instructional setting, reform and improvement in the school or the university? What measures will the proposed program use to collect data on the effectiveness of the program in meeting its objectives, such as: field practice assessments, National or State benchmark tests, surveys of graduates, mentor teachers, school administrators, rates of transfer from 2-year to 4-year institutions, graduation rates, placement rates? How are needs, objectives, activities and measures linked?

- How will the program evaluation incorporate strategies for assessing progress and performance of participants; communicating meaningful, regular and timely feedback to participants; improving the quality of the training program; identifying exemplary program features; and reporting on specific data related to the number of participants completing the program and the number of graduates placed in the instructional setting?

- How will the proposed program improve teacher preparation curricula, clinical experiences and the skills and knowledge of higher education faculty to better prepare ALL teachers in content and pedagogy related to the needs of LEP students.

In addition, applicants may wish to consider the Department of Education Professional Development Principles in planning a Teachers and Personnel Grant.

The following are the professional development principles:

- Focuses on teachers as central to student learning, yet includes all other members of the school community;

- Focuses on individual, collegial and organizational improvement; Respects and nurtures the intellectual and leadership capacity of teachers, principals, and others in the school community;

- Reflects best available research and practice in teaching, learning, and leadership;

- Enables teachers to develop further expertise in subject content, teaching strategies, uses of technologies, and other essential elements in teaching to high standards;

- Promotes continuous inquiry and improvement embedded in the daily life of schools;

- Is planned collaboratively by those who will participate in and facilitate that development;

- Requires substantial time and other resources; is driven by a coherent long-term plan; is evaluated ultimately on the basis of its impact on teacher effectiveness and student learning; and

- Uses this assessment to guide subsequent professional development efforts.

What other information may be helpful in applying for a Teachers and Personnel grant?

Applicants are reminded that they must submit a copy of their application to the SEA for review and comment. In addition, applicants must submit a copy of their application to the State Single Point of Contact to satisfy the requirements of Executive Order 12372. The SEA review requirement and the requirements for Executive Order 12372 is two distinct requirements.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA,

enacted as part of the Improving America's Schools Act of 1994 (Pub. L. 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully

participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their environment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.
