### Notice of Lodging of Consent Decree Pursuant to the Clean Air Act

In accordance with Departmental policy, 28 CFR 50.7, notice is hereby given that on December 17, 1999, a proposed consent decree in *United States v. Titanium Metals Corporation*, CV-9-98-00682-HDM (RLH) (D. Nev.), was lodged with the United States District Court for the District of Nevada. The proposed consent decree would resolve pending claims of the United States against Titanium Metals Corporation ("TIMET"), in the above-referenced action.

The Complaint in the above-referenced civil action seeks injunctive relief and civil penalties for alleged violations of the Clean Air Act, 42 U.S.C. § 7413(b), at TIMET's titanium manufacturing plant in Henderson, Nevada. The complaint alleges that TIMET installed a carbon monoxide ("CO") burner at its plant prior to obtaining either a Prevention of Significant Deterioration or minor source permit. The installation of the burner in reduced emissions of CO, but increased the facility's potential to emit sulfur dioxide ("SO<sub>2</sub>"). Under the proposed Decree, TIMET has agreed to install the Best Available Control Technology to control SO<sub>2</sub> emissions, enforceable limits on CO and SO<sub>2</sub> emissions, and payment of a civil

penalty of \$430,000 over a two year period.
