

payable and reported in the new computer field EXCHNG provided by Wolverine to the Department on March 25, 1999. Petitioner states that the Department should add the computer field EXCHNG to the revised cost of production (RCOP). Wolverine added a new computer field EXCHNG to its COP and CV databases for exchange losses associated with its accounts payable to include additional costs that were not reported in the original computer field TOTCOM. Wolverine did include these additional costs in the computer field for revised TOTCOM (RTOTCOM). However, because the Department started its cost calculations using the original computer field TOTCOM, the additional costs included in EXCHNG were not included in the Department's final margin analysis.

Wolverine did not comment on the clerical error allegations.

After reviewing the petitioners' allegations, we have determined, in accordance with 19 CFR 351.224, that the final results includes the above-mentioned clerical errors. Therefore, in accordance with 19 CFR 351.224(e), we are amending the final results of the antidumping duty review of brass sheet and strip from Canada. The revised dumping margin is listed below.

Exporter/producer	Margin percentage
Wolverine .....	0.83

In addition, we note that the assessment instructions in the original final results of review misstated the way in which the assessment rates were calculated. Therefore, this amended final results of review provides the corrected formulation given below.

The Department shall determine, and the U.S. Customs Service (Customs) shall assess, antidumping duties on all appropriate entries. We will issue importer-specific appraisal instructions to Customs. For assessment purposes, we have calculated importer-specific *ad valorem* duty assessment rates for the merchandise based on the ratio of the total amount of dumping duties calculated for the examined sales to the entered value of sales used to calculate those duties. This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of doubled antidumping duties.

We are issuing and publishing this determination in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)), 19 CFR 351.213, and 19 CFR 351.221(b)(5).

Dated: December 27, 1999.
