

Electronic Connection Fee Schedule^{45, 46}

The Reserve Banks charge fees for the electronic connections used by depository institutions to access priced services and allocate the cost and revenue associated with electronic access to the various priced services. At this time, electronic access fees for 2000 remain at their 1999 levels.

	Fees
Connection types:	
Dial—receive and send (FedLine)	\$75.00 per month.
Link encrypted dial	\$200.00 per month.
High-speed dial @ 56 kbps	\$350.00 per month.
Multidrop leased line	\$450.00 per month.
Dedicated leased line (to 9.6 kbps)	\$750.00 per month.
High-speed leased line @ 19.2 kbps	\$850.00 per month.
High-speed leased line @ 56 kbps	\$1,000.00 per month.
High-speed leased line @ 128 kbps	\$1,800.00 per month.
High-speed leased line @ 256 kbps	\$2,000.00 per month.
Cross-district	Actual cost. ⁴⁷
Contingency testing options: ⁴⁸	
Premium dedicated dial test connection	\$500.00 per month.
Basic dedicated dial test connection	\$250.00 per month.
Shared dial test connection	\$150.00 per month.
Third-party contingency site dial test connection	\$45.00 per month.

⁴⁵ Installation, training, contingency hardware, and software certification are not considered priced services, and the fees for these services are not listed here. For a copy of the full electronic access fee schedule, contact the local Federal Reserve Bank.

⁴⁶ The Reserve Banks will delay implementing the coming year's price and service level changes until April 3, 2000. The delay is intended to minimize changes during the period surrounding the century rollover. Current Reserve Bank prices and products will remain applicable through the first quarter of next year.

⁴⁷ The customer pays the actual costs of the circuit and a monthly surcharge to cover an equitable share of expenses associated with customer support, depreciation of hardware (that is, link encryption units), and other overhead expenses. At a minimum, this fee must be equivalent to the standard fee for the particular type of leased line connection.

⁴⁸ Use of Dial Test connections should not exceed 60 hours per month for the Premium service and 120 hours per year for the Basic and Shared services. Customers exceeding this guideline should establish a Dedicated Leased Line connection for testing.

The Reserve Banks anticipate introducing frame relay as an electronic access service during the second half of 2000. Frame relay will provide higher throughput and enhanced security to leased-line customers. With the deployment of frame relay, the Reserve Banks will develop an additional fee schedule for those customers wanting to migrate to the new network, while still providing access through the current system at the fee levels for those that do not.

By order of the Board of Governors of the Federal Reserve System, December 28, 1999.

Jennifer J. Johnson,

Secretary of the Board.
