

a regional supplement to Section 37.2 of the Forest Service Special Uses Handbook, FSH 2709.11.

Copies of the interim flat fee schedule and policy are being sent to all holders of Forest Service outfitting and guiding permits in Alaska and other potentially interested parties. In addition, notice of the proposal is being published in local newspapers of record, and the policy and fee schedule are being posted on the worldwide web. The purpose of this notice is to advise others who may have an interest in the interim fee policy.

DATES: Effective February 14, 2000. Except for outfitters and guides using the Begich, Boggs Visitor Center, who will continue to operate under the mandatory flat fee schedule that was implemented in 1996, and outfitters and guides who are paying fees that have been determined through a competitive process, permit holders will have the choice of using the interim flat fee schedule or one of the current fee calculations methods for the 1999 and 2000 permit periods through December 31, 2000. Permit holders must notify their permit administrators of their choice of fee calculation methods for the 1999 operating season by March 15, 2000. For the year 2000 operating season, eligible permit holders must select the preferred method of fee calculation prior to the year 2000 operating season. Beginning January 1, 2001, permit fees for all outfitting and guiding in Alaska's national forests will be determined using flat fees except for those permits which have had their fees established by a competitive process.

ADDRESSES: For copies of the proposed interim flat fee policy, write to the Regional Forester, Attention: Public Services, Alaska Region, P.O. Box 21628, Juneau, AK 99802-1628 or access the document online at http://www.fs.fed.us/r10/what's_hot/hot.htm.

FOR FURTHER INFORMATION CONTACT: The local Forest Service Ranger District, Supervisor's Office, or Arn Albrecht, (907) 586-7886, or Don Fisher, (907) 586-7861, in the Alaska Regional Office.

Dated: January 5, 2000.

Rick D. Cables,

Regional Forester.

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Freedom Power Station Plant: Notice of Availability of an Environmental Assessment

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of availability of an environmental assessment.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS) is issuing an environmental assessment (EA) for its Federal action related to a project proposed by Southwestern Electric Cooperative, Inc., (SWEC) of Greenville, Illinois. The project consists of constructing a natural gas-fired simple cycle, combustion turbine power generation facility near Wright's Corner in Fayette County, Illinois. RUS may provide financing assistance to SWEC for the project.

FOR FURTHER INFORMATION CONTACT: Nurul Islam, Environmental Protection Specialist, Rural Utilities Service, Engineering and Environmental Staff, Stop 1571, 1400 Independence Avenue, SW, Washington, DC 20250-1571, telephone: (202) 720-1414. His e-mail address is nislam@rus.usda.gov. Information is also available from Mr. Joe Richardson, Business Development and Marketing Manager, SWEC, 525 US Route 40, Greenville, IL 62246, telephone (618) 664-1025. Questions and comments should be sent to RUS at the address provided. RUS should receive comments on the EA in writing within 30 days of the publication of this notice to insure that RUS prior to making its environmental impact determination considers them.

SUPPLEMENTARY INFORMATION: SWEC proposes to construct the Freedom Power Generation Plant near Wright's Corner in Fayette County, Illinois. The primary purpose of the facility is to meet SWEC peak electrical load. The generation unit consists of a turbine similar to those found in commercial airline engines. Natural gas will be used as generating fuel for the plant. The unit will have a peak capacity of 45 MW. The facility will be located on a 1.5-acre tract of land on the east side of County Highway 4 approximately six miles north of the city of St. Elmo, Illinois. The power generated from the facility will be distributed through an existing transmission line owned and operated jointly by SWEC and Ameren. No additional construction of the transmission facility will be required. Kansas-Nebraska Energy will provide natural gas fuel for the facility. The Kansas-Nebraska Energy's gas pipeline

is located about 50 feet from the plant site.

Environmental Audits and Consultants, Inc., of Vandalia, Illinois, prepared an environmental report on behalf of the SWEC and submitted it to RUS for its evaluation. The environmental report describes the project and assesses its potential environmental impacts. RUS has conducted an independent evaluation of the environmental report and believes that it accurately assesses the impacts of the proposed project. This environmental report will serve as RUS' EA of the project. No significant impacts are expected as a result of the construction of the project.

The EA can be reviewed at the headquarters of SWEC and the RUS, at the addresses provided above in this notice.

Questions and comments should be sent to RUS at the address provided in this notice. RUS will accept questions and comments on the EA for at least 30 days from the date of publication of this notice.

Any final action by RUS related to the proposed project will be subject to, and contingent upon, compliance with all relevant Federal environmental laws and regulations and completion of environmental review procedures as prescribed by the 7 CFR Part 1794, Environmental Policies and Procedures.

Dated: January 6, 2000.

Lawrence R. Wolfe,

Acting Director, Engineering and Environmental Staff.
