

to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, 44 United States Code (U.S.C.), Chapter 35, the OMB approved the 1999 Service Annual Survey under OMB Control Number 0607-0422. We will furnish report forms to organizations included in the survey, and additional copies are available on written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

#### Program Requirements

The Census Bureau conducts surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, U.S.C. The Service Annual Survey provides continuing and timely national statistical data for a period between the economic censuses. The next economic census is for the year 2002. Data collected in this survey are within the general scope, type, and character of those inquiries covered in the economic census.

In accordance with Title 13, U.S.C. 182, 224, and 225, the Census Bureau has determined that 1999 data on total receipts, and total revenue and expenses for selected service industries are needed to provide a sound statistical basis for the formation of policy by various governmental agencies, and that these data also apply to a variety of public and business needs. Selected service industries include health, telecommunications, publishing, waste management, transportation, and finance industries. These data are not publicly available from nongovernment or other governmental sources.

The Census Bureau needs reports only from a limited sample of service sector firms in the United States. The probability of a firm's selection is based on its revenue size (estimated from payroll). We are mailing report forms to the firms covered by this survey and require their submission within thirty days after receipt.

Based upon the foregoing, I have directed that the Service Annual Survey be conducted for the purpose of collecting these data.

**FOR FURTHER INFORMATION CONTACT:** Scott Scheleur or Dorothy Engleking, Service Sector Statistics Division, on (301) 457-2713.

**SUPPLEMENTARY INFORMATION:** The Annual Trade Survey is a continuation of similar wholesale trade surveys conducted each year since 1978. These data are not available publicly on a timely basis from nongovernmental or other governmental sources.

The U.S. Census Bureau will require a selected sample of firms operating merchant wholesale establishments in the United States (with sales size determining the probability of selection) to report in the 1999 Annual Trade Survey. We will furnish report forms to the firms covered by this survey and will require their submissions within thirty days after receipt. The sample will provide, with measurable reliability, statistics on the subjects specified above.

The U.S. Census Bureau is authorized to take surveys necessary to furnish current data on the subjects covered by the major censuses authorized by Title 13, United States Code, Sections 182, 224, and 225. This survey will provide continuing and timely national statistical data on wholesale trade for the period between economic censuses. The data collected in this survey will be within the general scope and nature of those inquiries covered in the economic census. These data will provide a sound statistical basis for the formation of policy by various government agencies. These data also apply to a variety of public and business needs.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a
