### National Park Service

#### Notice of Inventory Completion for Native American Human Remains in the Possession of the University of Pennsylvania Museum of Archaeology and Anthropology, Philadelphia, PA

**AGENCY:** National Park Service

**ACTION:** Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains in the possession of the University of Pennsylvania Museum of Archaeology and Anthropology, Philadelphia, PA.

A detailed assessment of the human remains was made by University of Pennsylvania Museum professional staff in consultation with representatives of the Cayuga Nation of New York.

In 1894, human remains representing one individual were excavated from a burial near Union Springs, Cayuga County, NY by William W. Adams, who donated these human remains to the Academy of Natural Sciences, Philadelphia, PA. In 1997, these human remains were transferred from the Academy of Natural Sciences to the University of Pennsylvania Museum of Archaeology and Anthropology. No known individual was identified. No associated funerary objects are present.

Based on accession information, this individual has been identified as Native American. No further information exists for this individual.

Based on the above mentioned information, officials of the University of Pennsylvania Museum of Archaeology and Anthropology have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the University of Pennsylvania Museum of Archaeology

and Anthropology have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Cayuga Nation of New York.

This notice has been sent to officials of the Cayuga Nation of New York and the Seneca-Cayuga Tribe of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Dr. Jeremy Sabloff, the Charles K. Williams II Director, University of Pennsylvania Museum of Archaeology and Anthropology, 33rd and Spruce Streets, Philadelphia, PA 19104-6324; telephone: (215) 898-4051, fax (215) 898-0657, before February 14, 2000. Repatriation of the human remains to the Cayuga Nation of New York may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: January 5, 2000.

## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

#### Animas-La Plata Project, Colorado and New Mexico, INT-DES-00-02

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of Availability and Notice of Public Hearings for the Draft Supplemental Environmental Impact Statement to the 1996 Final Supplement to the Final Environmental Statement for the Animas-La Plata Project.

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA) of 1969 (as amended), the Department of the Interior, Bureau of Reclamation (Reclamation), has prepared a Draft Supplemental Environmental Impact Statement (DSEIS) to the 1996 Final Supplement to the Final Environmental Statement for the Animas-La Plata Project (ALP). The DSEIS will evaluate the environmental impacts of various alternatives for final implementation of the Colorado Ute Settlement Act. One of the alternatives analyzed is the Administration Proposal, which was announced on August 11, 1998, and is limited to a smaller dam and reservoir

designed to supply municipal and industrial water to the Colorado Ute Tribes, Navajo Nation, and non-Indian entities in the local area. This modified project deviates from those previously evaluated for ALP, thus necessitating the need for supplemental environmental review. The proposal also contains a nonstructural element as part of the settlement implementation which has not been the subject of any previous analysis under NEPA. Three public hearings will be held to receive comments from interested individuals and organizations on the environmental impacts of the proposal.

**DATES:** A 60-day public review period commences with the publication of this notice. Written comments on the DSEIS are due by March 17, 2000 and should be submitted to the Four Corners Division Manager, Bureau of Reclamation. Public hearings on the DSEIS will be held during the month of February in Durango, Farmington, and Denver. The public hearings schedule is as follows:

*February 15, 2000, 7-9 p.m., Double Tree Hotel, Main Ballroom, 501 Camino Del Rio, Durango, Colorado*  
*February 16, 2000, 7-9 p.m., Farmington Civic Center, Exhibition Hall 1, 200 West Arrington, Farmington, New Mexico.*  
*February 17, 2000, 7-9 p.m., Denver Convention Center, Room A-209, 700 14th Street, Denver, Colorado.*

**ADDRESSES:** Written comments on the DSEIS should be addressed to Pat Schumacher, Four Corners Division Manager, Four Corners Division of the Western Colorado Area Office, 835 East Second Avenue, Suite 300, Durango, Colorado 81301-5475; telephone (970) 385-6590; faxogram (970) 385-6539; E-mail ALPDSEISComments@uc.usbr.gov. The document is available on the Internet at <http://www.uc.usbr.gov> under the Environmental Studies, Summaries & Reports heading. If requesting copies of the DSEIS, contact Mr. Schumacher using any of the methods noted above.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of
