Arkansas Abandoned Mine Land Reclamation Plan

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.
ACTION: Final rule; approval of amendment.

SUMMARY: Office of Surface Mining Reclamation and Enforcement (OSM) is approving a proposed amendment to the Arkansas abandoned mine land reclamation plan (Arkansas plan) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The amendment consists of an addition to the Arkansas plan relating to the exclusion of certain noncoal reclamation sites. Arkansas intends to revise its plan to be consistent with the corresponding Federal regulations.

EFFECTIVE DATE: January 14, 2000.

SUPPLEMENTARY INFORMATION:
 I. Background on the Arkansas Plan

- II. Submission of the Proposed Amendment
- III. Director's Findings
- IV. Summary and Disposition of Comments
- V. Director's Decision
- VI. Procedural Determinations

I. Background on the Arkansas Plan

On May 2, 1983, the Secretary of the Interior approved the Arkansas plan. You can find background information on the Arkansas plan, including the Secretary's findings, the disposition of comments, and the approval of the plan in the May 2, 1983, **Federal Register** (48 FR 19710). You can find later actions on the Arkansas plan at 30 CFR 904.25 and 904.26.

II. Submission of the Proposed Amendment

By letter dated September 22, 1999 (Administrative Record No. AAML-28), Arkansas sent us an amendment to its plan pursuant to SMCRA. Arkansas sent the amendment in response to our letter dated September 8, 1999 (Administrative Record No. AAML-27.07).

We announced receipt of the amendment in the October 18, 1999, **Federal Register** (64 FR 56179). In the same document, we opened the public comment period and provided an opportunity for a public hearing on the adequacy of Arkansas' amendment. The public comment period closed on November 17, 1999. Because no one requested a public hearing or meeting, we did not hold one.

III. Director's Findings

Following, under SMCRA and the Federal regulations at 30 CFR 884.14 and 884.15, is our finding concerning the amendment.

Policies and Procedures of the State Abandoned Mine Land Reclamation Program [30 CFR 884.13(c)]

Under subheading B. Identification of Eligible Lands and Water [30 CFR 884.13(c)(2)], Arkansas proposed to add the following language as a counterpart to our Federal regulation at 30 CFR 875.16, Exclusion of certain noncoal reclamation sites:

Money from the Fund shall not be used for the reclamation of sites and areas designated for remedial action pursuant to the Uranium Mill Tailings Radiation Control Act of 1978 (42 U.S.C. 7901 *et seq.*) or that have been listed for remedial action pursuant to the Comprehensive Environmental Response Compensation and Liability Act of 1980 (42 U.S.C. 9601 *et seq.*).

Because the above proposed revision is identical in meaning to the corresponding Federal regulation, the Director finds that Arkansas' revised plan is no less effective than the Federal regulation. Therefore, the Director is approving this amendment.

IV. Summary and Disposition of Comments

Public Comments

We asked for public comments on the amendment, but did not receive any.

Federal Agency Comments

Under 30 CFR 884.14(a)(2) and 884.15(a), we requested comments on the amendment from various Federal agencies with an actual or potential interest in the Arkansas plan (Administrative Record Nos. AAML-28.03). We received a comment from the U.S. Army Corps of Engineers dated November 5, 1999 (Administrative Record No. AAML-28.06), stating that

the amendment was satisfactory to the agency.

U.S. Environmental Protection Agency (EPA)

Under 30 CFR 884.14(a)(6), we are required to get a written agreement from the EPA for those provisions of the program amendment that relate to air or water quality standards issued under the authority of the Clean Water Act (33 U.S.C. 1251 *et seq.*) or the Clean Air Act (42 U.S.C. 7401 *et seq.*). None of the revisions that Arkansas proposed to make in this amendment pertain to air or water quality standards. Therefore, we did not ask the EPA to agree on the amendment. However, we did request comments from the EPA in a letter dated October 7, 1999 (Administrative Record No. AAML-28.01). In a letter dated November 1, 1999 (Administrative Record No. AAML 28.05), the EPA responded that it did not identify any provisions in the amendment which are inconsistent with the programs it administers.

U. S. Fish and Wildlife Service (FWS)

Under section 7 of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), we are required to ask the FWS to determine whether those provisions of the program amendment that relate to fish, wildlife, or plants and their habitat are likely to jeopardize the continued existence of species listed as endangered or threatened (under the authority of section 4 of the Endangered Species Act of 1973) or result in the destruction or adverse modification of their habitat. None of the revisions that Arkansas proposed to make in this amendment pertain to fish, wildlife, or plants and their habitat. Therefore, we did not ask the FWS for its determination under section 7 of the Endangered Species Act of 1973.

State Historical Preservation Officer (SHPO) and the Advisory Council on Historic Preservation (ACHP)

Under 30 CFR 884.14(a)(6), we are required to request comments from the SHPO and ACHP on amendments that may have an effect on historic properties. On October 7, 1999, we requested comments on Arkansas' amendment (Administrative Record No. AAML 28.02), but neither responded to our request.

V. Director's Decision

Based on the above finding, we approve the proposed plan amendment

as submitted by Arkansas on September 22, 1999.

We approve the regulation that Arkansas proposed with the provision that it be published in identical form to the regulation sent to and reviewed by OSM and the public. To implement this decision, we are amending the Federal regulations at 30 CFR Part 904, which codify decisions concerning the Arkansas plan. We are making this final rule effective immediately to expedite the State program amendment process and to encourage Arkansas to bring its plan into conformity with the Federal standards. SMCRA requires consistency of State and Federal standards.

VI. Procedural Determinations

Executive Order 12866

The Office of Management and Budget (OMB) exempts this rule from review under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State and Tribal abandoned mine land reclamation plans and revisions since each such plan is drafted and promulgated by a specific State or Tribe, not by OSM. Decisions on proposed abandoned mine land reclamation plans and revisions submitted by a State or Tribe are based on a determination of whether the submittal meets the requirements of Title IV of SMCRA (30 U.S.C. 1231-1243) and 30 CFR Part 884.

National Environmental Policy Act

This rule does not require an environmental impact statement since agency decisions on proposed State and Tribal abandoned mine land reclamation plans and revisions are categorically excluded from compliance with the National Environmental Policy Act (42 U.S.C. 4332) by the Manual of the Department of the Interior (516 DM 6, appendix 8, paragraph 8.4B(29)).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the

Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The submittal which is the subject of this rule is based upon corresponding Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be implemented. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions in the analyses for the corresponding Federal regulations.

Unfunded Mandates

OSM has determined and certifies under the Unfunded Mandates Reform Act (2 U.S.C. 1502 *et seq.*) that this rule will not impose a cost of \$100 million or more in any given year on local, state, or tribal governments or private entities.

DEPARTMENT OF THE TREASURY

Departmental Offices

31 CFR Part 1

Privacy Act of 1974; Implementation

AGENCY: Department of the Treasury.
ACTION: Final rule.

SUMMARY: The Department of the Treasury is amending its Privacy Act regulations by revising the list of Treasury Department officials and offices which are subject to this part. In addition, the reference to the United States Savings Bonds Division's Appendix K is being removed by redesignating Appendices K and L.

EFFECTIVE DATE: January 14, 2000.

FOR FURTHER INFORMATION CONTACT: Dale Underwood, Disclosure Services, (202) 622-0930.

SUPPLEMENTARY INFORMATION: The Department of the Treasury is updating its list of officials and offices that are subject to this part due to the organizational changes occurring since the list was last published on July 14, 1987. In addition, the United States Savings Bonds Division has been made a part of the Bureau of the Public Debt. Therefore, the United States Savings Bonds Division's Appendix K is being removed from Subpart C which redesignates Appendix L-Federal Law Enforcement Training Center, and Appendix M-Office of Thrift Supervision, of Subpart C as Appendices K and L respectively.

These regulations are being published as a final rule because the amendment does not impose any requirements on any member of the public. This amendment is the most efficient means for the Treasury Department to implement its internal requirements for complying with the Privacy Act. Accordingly, pursuant to the administrative procedure provisions in 5 U.S.C. 553, the Department of the Treasury finds good cause that prior notice and other public procedure with respect to this rule are impracticable and unnecessary and finds good cause

for making this rule effective on the date of publication in the **Federal Register**.

In accordance with Executive Order 12866, it has been determined that this final rule is not a "significant regulatory action" and, therefore, does not require a Regulatory Impact Analysis.

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

In accordance with the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Department of the Treasury has determined that this proposed rule will not impose new record-keeping, application, reporting, or other types of information collection requirements.
