

"open house". All public meetings received coverage by local and regional media sources. Monument neighbors have been involved throughout the process.

The GMP planning team contacted the Pawnee Tribe of Oklahoma in an attempt to identify tribal concerns relative to this GMP/EIS. In addition, comments were sought through extensive mailings of newsletters and media coverage. No response was received from the tribe. Because of the Pawnee's long-standing cultural affiliation with this area of Nebraska, the NPS will continue to keep the tribe informed of important stages of this planning process and of plans to implement the preferred alternative throughout the GMP planning process.

Over 600 news letters announcing the Draft General Management Plan and Environmental Impact Statement for Homestead National Monument of America were mailed May 4, 1999. More than 200 copies of the full draft document were distributed to agencies, organizations and individuals. The document was also made available to the general public at the Beatrice Public Library and at Homestead National Monument of America. The National Park Service conducted two public meetings in May 1999, one meeting was held at the Beatrice Public Library May 25 while the second meeting was held at the Charles H. Gere Library in Lincoln, Nebraska May 26. An additional public open house was held June 29, 1999 at Homestead National Monument of America to discuss the Draft General Management Plan/Environmental Impact Statement.

The Beatrice public meeting had 43 people in attendance; 14 people attended the Lincoln public meeting. One person attended the meeting held in June, at Homestead National Monument of America.

A 60-day review period (May 4, 1999 through July 10, 1999) was designated for receiving comments on the draft plan and EIS. Fifteen written comments were received. At the end of the review period, the comments were reviewed and substantive comments were identified. The Final General Management Plan (FGMP) and an Abbreviated Final Environmental Impact Statement (AFEIS) were made available to the public on November 21, 1999. The 30-day no action period required by NEPA regulations commenced on that date.

Approximately 39 copies of the FGMP/AFEIS were distributed to agencies, local governments, organizations, persons who commented on the draft GMP, and others who requested the

document. The FGMP/AFEIS contains a complete summary of the public involvement process and substantive comments received.

#### Conclusion

A notice of availability for the FGMP/AFEIS was published by the Environmental Protection Agency in the **Federal Register** on November 6, 1998. The 30-day no-action period ended on December 20, 1999. No public comments were received during the no action period.

The above factors and considerations justify the selection of the final plan, as described as Alternative C, Option 1, in the Final Environmental Impact Statement. The Final General Management Plan is hereby approved.

Dated: December 22, 1999.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Acadia National Park Bar Harbor, Maine; Acadia National Park Advisory Commission; Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act (Public Law 92-463, 86 Stat. 770, 5 U.S.C. App. 1, Sec. 10), that the Acadia National Park Advisory Commission will hold a meeting on Monday, February 7, 2000.

The Commission was established pursuant to Public Law 99-420, Sec. 103. The purpose of the commission is to consult with the Secretary of the Interior, or his designee, on matters relating to the management and development of the park, including but not limited to the acquisition of lands and interests in lands (including conservation easements on islands) and termination of rights of use and occupancy.

The meeting will convene at park Headquarters, McFarland Hill, Bar Harbor, Maine, at 1:00PM to consider the following agenda:

1. Review and approval of minutes from the meeting held September 13, 1999
2. Committee reports  
Land Conservation  
Park Use  
Science
3. Old business
4. Superintendent's report
5. Public comments
6. Proposed agenda for next Commission meeting, June 5, 2000

The meeting is open to the public. Interested persons may make oral/written presentations to the Commission or file written statements. Such requests should be made to the Superintendent at least seven days prior to the meeting.

Further information concerning this meeting may be obtained from the Superintendent, Acadia National Park, P.O. Box 177, Bar Harbor, Maine 04609, tel: (207) 288-3338

Dated: January 7, 2000.

**Len Bobinchock,**

*Actg. Superintendent, Acadia National Park.*

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-856 (Final)]

### Certain Ammonium Nitrate From Russia

**AGENCY:** United States International Trade Commission.

**ACTION:** Scheduling of the final phase of an antidumping investigation.

**SUMMARY:** The Commission hereby gives notice of the scheduling of the final phase of antidumping investigation No. 731-TA-856 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of less-than-fair-value imports from Russia of solid fertilizer grade ammonium nitrate, provided for in subheading 3102.30.00 of the Harmonized Tariff Schedule of the United States.<sup>1</sup>

For further information concerning the conduct of this phase of the investigation, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

**EFFECTIVE DATE:** January 7, 2000.

**FOR FURTHER INFORMATION CONTACT:** Karen Taylor (202-708-4101), Office of

<sup>1</sup> For purposes of this investigation, Commerce has defined the subject merchandise as "solid, fertilizer grade ammonium nitrate products, whether prilled, granular or in other solid form, with or without additives or coating, and with a bulk density equal to or greater than 53 pounds per cubic foot. Specifically excluded from this scope is solid ammonium nitrate with a bulk density less than 53 pounds per cubic foot (commonly referred to as industrial or explosive grade ammonium nitrate)."
