#### Approval and Promulgation of Implementation Plans Florida: Approval of Revisions to the Florida State Implementation Plan

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA proposes to approve a revision to the Florida State Implementation Plan (SIP) submitted on December 26, 1996, by the State of Florida through the Florida Department of Environmental Protection (FDEP). This source-specific revision amends the SIP to include a variance granted to the Harry S. Truman Animal Import Center (HSTAIC) for its incinerator facility located in Monroe County, Florida. The variance allows HSTAIC to operate under the particulate matter standard applicable to biological waste combustion facilities.

In the final rules section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**DATES:** To be considered, comments must be received by February 18, 2000.

#### Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Bay Area Air Quality Management District, South Coast Air Quality Management District, San Diego County Air Pollution Control District, and Monterey Bay Unified Air Pollution Control District

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which concern the control of volatile organic compound (VOC) emissions from automobile refinishing, coating and ink manufacturing and use of cutback asphalt.

The intended effect of proposing approval of these rules is to regulate emissions of VOCs in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). EPA's final action on this proposed rule will incorporate these rules into the federally approved SIP. EPA has evaluated each of these rules and is proposing to approve them under provisions of the CAA regarding EPA
