D. Extraordinary Circumstances

Consistent with CEQ's regulations, environmental review is required for all NIH actions involving extraordinary circumstances. Following are examples of extraordinary circumstances that may apply to specific NIH actions.

1. Greater scope or size than other actions included within a category.
2. A threatened violation of a Federal, State, or local law established for protection of the environment or for public health and safety.
3. Potential effects of the action are unique or highly uncertain.
4. Potential effect on a protected or ecologically sensitive area of land, like a wetland or floodplain.
5. Possible impact on property that is listed or eligible for listing on the National Register of Historic Places or that is otherwise of scientific, cultural, or historic importance or interest.
6. Possible impact on endangered or threatened species.
7. Use of especially hazardous substances or processes for which adequate and accepted controls and safeguards are unknown or not available.
8. Substantial and reasonable controversy exists about the environment effects of the action.

Fish and Wildlife Service

Endangered and Threatened Species Permit Applications; Notice of Extension of Comment Period

The Fish and Wildlife Service gives notice that the comment period is

extended on the notice of receipt of applications for two applications submitted by International Animal Consulting Group, Inc. The applications were submitted to satisfy requirements of the Marine Mammal Protection Act of 1972, *as amended* (16 U.S.C. 1361 *et seq.*) and the regulations governing marine mammals (50 CFR part 18). The applications, 018196 and 018197, are for conducting certain activities with marine mammals, specifically taking northern sea otters (*Enhydra lutris lutris*) from the wild in Alaska for export and public display at two Japanese aquariums. The extension will allow all interested parties to submit written comments. The Fish and Wildlife Service published a notice of receipt of the applications on Friday, December 17, 1999. The current comment period closes on January 16, 2000. Written comments may now be submitted until January 26, 2000, and should be submitted to the Director, U.S. Fish and Wildlife Service, Office of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203.

Dated: January 14, 2000.

Kristen Nelson,

Chief, Branch of Permits (Domestic), Office of Management Authority.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[WY-920-1620-00-EL, WYW146744]

Intent To Prepare an Environmental Impact Statement on a Lease Application Received From Jacobs Ranch Coal Company

AGENCY: Department of the Interior, Wyoming.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement on a lease application received from Jacobs Ranch Coal Company for Federal coal in the decertified Powder River Federal Coal Production Region, Wyoming.

SUMMARY: The Bureau of Land Management (BLM) received a competitive coal lease application from Jacobs Ranch Coal Company (JRCC) on October 2, 1998, for a tract containing approximately 519 million tons of Federal coal and including approximately 4,821 acres in an area adjacent to the company's Jacobs Ranch Mine. This tract, which was assigned case number WYW146744, is called the North Jacobs Ranch tract. JRCC is a subsidiary of Kennecott Energy and Coal Company. The Jacobs Ranch Mine and

North Jacobs Ranch tract are located in southern Campbell County, Wyoming. The tract was applied for as a maintenance tract lease-by-application (LBA) under the provisions of 43 CFR 3425.1. The Powder River Regional Coal Team (RCT) reviewed this lease application at public meetings held on February 23, 1999, in Billings, MT, and October 27, 1999, in Gillette, WY. The RCT recommended that the lease application be processed, pending resolution of the conflicts between proposed coal mining and existing and proposed oil and gas development (including coal bed methane) on the tract. BLM has determined that the requirements of NEPA would be best served by preparing an environmental impact statement (EIS) for this lease application.

BLM conducted scoping on the North Jacobs Ranch lease application, and on the pending Belle Ayr Federal coal lease application, in October 1999. A public scoping meeting was held at the Tower West Lodge in Gillette, WY, on October 19, 1999, at 7 p.m. During the scoping period, BLM received seven written comment letters. At the scoping meeting, presentations were made by the applicants for the North Jacobs Ranch and Belle Ayr Federal coal tracts and oral comments were received from six speakers.

DATES: The scoping period for this Federal coal lease application was held during October 1999, however, the public still has an opportunity to submit written comments on concerns or issues that the BLM should address in processing the North Jacobs Ranch lease application. Comments should be submitted by February 15, 2000, in order to be considered in the draft EIS.

ADDRESSES: Please address questions, comments or concerns to the BLM, Casper District Office, Attn: Nancy Doelger, 1701 East E Street, Casper, WY 82601, fax to 307-234-1525, or send e-mail comments to casper_wymail@blm.gov, attn: Nancy Doelger.

FOR FURTHER INFORMATION CONTACT: Nancy Doelger or Mike Karbs at the above address or phone 307-261-7600.

SUPPLEMENTARY INFORMATION: On October 2, 1998, JRCC filed coal lease application WYW146744, for the following lands in Campbell and County, Wyoming:

T. 44 N., R. 70 W., 6th PM, Wyoming
 Section 26: Lots 9, 10;
 Section 27: Lots 1 thru 16;
 Section 28: Lots 1 thru 16;
 Section 29: Lots 1 thru 16;
 Section 30: Lots 5 thru 20;
 Section 31: Lots 5 thru 20;
