NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

48 CFR Parts 1806, 1813, 1815, 1835, 1852, and 1872

Implementing Foreign Proposals to NASA Research Announcements on a No-Exchange-of-Funds Basis

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Interim rule adopted as final with changes.

SUMMARY: This is a final rule amending the NASA FAR Supplement (NFS) to conform the handling of foreign proposals under NASA Research Announcements (NRAs) with that under Announcements of Opportunity (AOs).

EFFECTIVE DATE: January 20, 2000.

FOR FURTHER INFORMATION CONTACT:

Celeste Dalton, NASA Headquarters, Code HK, Washington, DC 20546, (202) 358-1645, email: celeste.dalton@hq.nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

NASA is adopting as final, with changes, the interim rule published in the **Federal Register** (64 FR 48560-48562, September 7, 1999) that revised NFS Parts 1852, Solicitation Provisions and Contract Clauses, and 1872, Acquisition of Investigations. One comment, addressing submission requirements, was received in response to the interim rule, and was considered in the development of the final rule. Editorial and administrative changes are included in the final rule. Included in these changes is a revision to the proposal submission requirements to be consistent with internal procedures. All the revisions in this final rule are considered administrative or editorial and do not involve a significant change in Agency policy.

B. Regulatory Flexibility Act

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small business entities within the meaning of the Regulatory Flexibility Act, (5 U.S.C. 601, *et seq.*), because it only affects small business entities in the rare circumstance when such entities team with a foreign entity in response to a NRA.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the NFS do not impose any recordkeeping or information collection requirements, or collections of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

Interim Rule Adopted as Final With Changes

Accordingly, the interim rule published at 64 FR 48560-48562, September 7, 1999, is hereby adopted as final with the following changes:

1. The authority citation for 48 CFR Parts 1806, 1813, 1815, 1835, 1852, and 1872 continues to read as follows:

(l) Additional Guidelines Applicable to Foreign Proposals and Proposals Including Foreign Participation

(1) NASA welcomes proposals from outside the U.S. However, foreign entities are generally not eligible for funding from NASA. Therefore, unless otherwise noted in the NRA, proposals from foreign entities should not include a cost plan unless the proposal involves collaboration with a U.S. institution, in which case a cost plan for only the participation of the U.S. entity must be included. Proposals from foreign entities and proposals from U.S. entities that include foreign participation must be endorsed by the respective government agency or funding/sponsoring institution in the country from which the foreign entity is proposing. Such endorsement should indicate that the proposal merits careful consideration by NASA, and if the proposal is selected, sufficient funds will be made available to undertake the activity as proposed.

(2) All foreign proposals must be typewritten in English and comply with all other submission requirements stated in the NRA. All foreign proposals will undergo the same evaluation and selection process as those originating in the U.S. All proposals must be received before the established closing date. Those received after the closing date will be treated in accordance with
