The proposed consent decree resolves the claims of the United States under Section 1002(b)(2)(A) of the Oil Pollution Act of 1990 ("OPA"), 33 U.S.C. § 2702(b)(2)(A), against Amity Products Carriers, Inc. ("Settling Defendant"), in connection with the oil spill that occurred, on September 27, 1996, as a result of the collision of the Tank Vessel *Julie N* with the Million Dollar Bridge spanning the Fore River from Portland to South Portland, Maine, which resulted in the discharge of oil into the Fore River. The proposed consent decree also resolves the claims of the United States against Maritime Overseas Corporation, OSG Ship Management, Inc., as well as the officers, directors, and employees of those companies, as well as of the Settling Defendant, to the extent that their liability arises from actions taken in their official capacities as officers, directors, and employees of these corporations. Pursuant to the Restoration Plan, the Trustees will use the funds to implement and oversee three restoration projects: a project intended to reduce the discharge of oil and grease from the streets of Portland into the Fore River, a project that will enhance a portion of the Scarborough Marsh, and a project that will involve the construction of a one-mile segment of a larger trail system in Portland. The Settling Defendant has agreed not to file claims against the United States in connection with the *Julie N* spill, but has reserved the right to submit claims for removal costs or damages with the Oil Spill Liability Trust Fund under Section 1013 of OPA, 33 U.S.C. § 2713, to the extent permitted by Section 1008 of OPA, 33 U.S.C. § 2708.
