**Bureau of Indian Affairs**

**Education Facilities Replacement Construction Priorities List as of FY 2000**

**AGENCY:** Bureau of Indian Affairs, Interior.

**ACTION:** Notice.

**SUMMARY:** The Bureau of Indian Affairs is publishing the Education Facilities Replacement Construction Priority List as of FY 2000 in the **Federal Register** as required by statute. Construction funding is not yet currently available for all projects on the list. The Bureau will use this list to determine the order in which Congressional appropriations are

requested for funding education facilities replacement construction projects.

**FOR FURTHER INFORMATION CONTACT:** Questions regarding the Education Facilities Construction Priority List may be addressed to Dr. Kenneth G. Ross, Assistant Director, Office of Indian Education Programs, 201 Third St. NW, Suite 510, Albuquerque, New Mexico 87102, (505) 346-6544/5/6, Fax (505) 346-6553.

**SUPPLEMENTARY INFORMATION:** Publication of the Education Facilities Replacement Construction Priority List (Priority List) in the **Federal Register** is required by 25 U.S.C. 2005(c) at the time any budget request for school construction is presented. In a Senate Report accompanying an early version of the FY 2000 Interior and Related Agencies Appropriations Act, S. Rept. No. 106-99, p. 55 (1999), the Committee on Appropriations stated that it anticipates the release of a new replacement list during the FY 2001

appropriations process. In 1998, the Bureau of Indian Affairs (BIA or Bureau) had begun preparations for developing a new Priority List, including the acceptance of applications from tribes who wished to have schools placed on the Priority List.

Schools placed on the "Education Facilities Construction Priority List as of FY 1993" that are not yet fully funded for construction, project Nos. 13, 15 and 16, did not have to submit applications for ranking on the new Priority List and are retained, in order, at the top of the FY 2000 list as project Nos. 1 through 3. The FY 1993 Priority List was published in the **Federal Register** on January 6, 1993 (58 FR 579). Education Facilities Replacement Construction projects will be funded for construction in the order in which they are ranked as appropriations become available, unless a school is not ready for the next phase of funding. In accordance with Congressional directives, the projects do not provide for new school starts nor grade level expansions.
