Northwest Pipeline Corporation v. El Paso Natural Gas Company; Notice of Complaint

January 28, 2000.

Take notice that on January 27, 2000, Northwest Pipeline Corporation (Northwest) filed a complaint against El Paso Natural Gas Company (El Paso) pursuant to 18 CFR 206. Northwest asserts that El Paso is violating GISB standards 1.3.2 and 1.3.22 by failing to adhere to the confirmation deadlines and confirmation quantities set forth therein. Northwest claims that El Paso's failure results in scheduled quantity differences between the pipelines at the interconnect point. Northwest has been unsuccessful in trying to get El Paso to comply and requests that the Commission order El Paso to adhere to, and to determine scheduled quantities for the period dating back to June 1, 1999 in accordance with, the GISB standards.
