AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to extend by three (3) business days, or until February 2, 2000, the deadline for determining whether to review an initial determination (ID) finding no violation of section 337 of the Tariff Act of 1930, as amended in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Timothy P. Monaghan, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone 202-205-3152. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: This investigation was instituted on March 1, 1999, based on a complaint by VISX, Inc. ("VISX"), 64 FR 10016-17. The respondents named in the investigation are Nidek Co., Ltd., Nidek Inc., and Nidek Technologies, Inc. Complainant alleges importation and sale of certain excimer laser systems for vision correction surgery that infringe claims

of U.S. Letters Patent Nos. 4,718,418 and 5,711,762 ("the '762 patent"). An evidentiary hearing was held from August 18, 1999 to August 27, 1999.

On December 6, 1999, the presiding administrative law judge ("ALJ") issued her final ID finding that complainant VISX failed to establish the required domestic industry, that there was no infringement of any claim at issue, and that the '762 patent was invalid and unenforceable.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42(h)(2) of the Commission's Rules of Practice and Procedure (19 CFR 210.42(h)(2)).

By order of the Commission.

Dated: Issued: January 28, 2000.

SUPPLEMENTARY INFORMATION:

Background

On March 29, 1995, the Department of Commerce issued an antidumping duty order on imports of glycine from China (60 FR 16116). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions

The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, the Commission defined the *Domestic Like Product* as all glycine, regardless of grade.

(4) The *Domestic Industry* is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the Domestic Industry as producers of all glycine, regardless of grade.

(5) The *Order Date* is the date that the antidumping duty order under review became effective. In this review, the *Order Date* is March 29, 1995.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the Review and Public Service List

Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are reminded that they are required, pursuant to 19 CFR 201.15, to seek Commission approval if the matter in which they are seeking to appear was pending in any manner or form during their Commission employment. The Commission's designated agency ethics official has advised that a five-year review is the "same particular matter" as the underlying original investigation for purposes of 19 CFR 201.15 and 18 U.S.C. 207, the post employment statute for Federal employees. Former employees may seek informal advice from Commission ethics officials with respect to this and the related issue of

whether the employee's participation was "personal and substantial." However, any informal consultation will not relieve former employees of the obligation to seek approval to appear from the Commission under its rule 201.15. For ethics advice, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and APO Service List

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**.

Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification

Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is April 17, 2000. All written submissions must conform with the provisions of sections 201.8 and 207.3

of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the review you do not need to serve your response).

Inability to Provide Requested Information.

Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determination in the review.

BILLING CODE 7020-02-U

INTERNATIONAL TRADE COMMISSION

[Investigation 332-237]

Production Sharing: Use of U.S. Components in Foreign Assembly Operations, 1995-98

AGENCY: United States International Trade Commission.

ACTION: Termination of the report series and extended informal reporting of developments through existing publications.

EFFECTIVE DATE: January 14, 2000.

SUMMARY: The Commission is changing the method of providing continued reporting on production sharing and related topics, and has published the last in a formal series of annual reports on production sharing under Inv. No. 332-237, covering the period 1995-98, in December 1999. The report series has been discontinued because official U.S. statistics increasingly understate the magnitude of production-sharing activity. As a growing share of global trade becomes duty free, incentives are reduced for entering U.S. imports under the production-sharing tariff provisions. The Commission will continue to report informally on cross-border integration of manufacturing and related topics in other publications, as appropriate, and plans to report annual statistics on trade under the production-sharing provisions in its quarterly publication *Industry Trade and Technology Review (ITTR)*, as well as provide expanded coverage for these data on the Commission's "Interactive Tariff and Trade DataWeb" (<http://dataweb.usitc.gov>).
