Federal Motor Carrier Safety Administration

Global Positioning System (GPS) Technology Pilot Demonstration Project; Extension of Deadline for Submission of Applications

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of extension of deadline for submission of applications to participate in pilot demonstration project.

SUMMARY: The FMCSA is extending the deadline for motor carriers to submit applications to participate in the agency’s Global Positioning System (GPS) technology pilot demonstration project. This project allows qualified motor carriers that use GPS technology and related safety management computer systems to enter into an agreement with the FMCSA to use such systems to record and monitor drivers’ hours-of-service, in lieu of requiring them to prepare handwritten records of duty status. This project is intended to demonstrate that the motor carrier industry can use this technology to improve compliance with the hours-of-service requirements in a manner which promotes safety and operational efficiency while reducing paperwork.

DATES: Applications must be received on or before December 29, 2000.

ADDRESSES: Written applications should be mailed to: GPS Technology Pilot Demonstration Project, Office of Bus and Truck Standards and Operations, Federal Motor Carrier Safety Administration, 400 Seventh Street, SW., Washington, D.C. 20590.

FOR FURTHER INFORMATION CONTACT: Mr. Neill L. Thomas, Office of Bus and Truck Standards and Operations, (202) 366–4009, Federal Motor Carrier Safety Administration, 400 Seventh Street, SW., Washington, D.C. 20590–0001, or Mr. Charles Medalen, Office of Chief Counsel (HCC–20), (202) 366–1354, Federal Highway Administration, 400 Seventh Street, SW., Washington, D.C. 20590–0001. Office hours are from 7:45 a.m. to 4:15 p.m., e.t., Monday through Friday, except Federal holidays. Application requests and specific questions regarding this pilot demonstration project may also be directed to the contact person(s) named in this notice or the Division Offices of the FMCSA in your State.

Creation of New Agency

On December 9, 1999, the President signed the Motor Carrier Safety Improvement Act of 1999 (Public Law 106–159, 113 Stat. 1748). The new statute established the FMCSA in the Department of Transportation. On January 4, 2000, the Office of the Secretary published a final rule rescinding the authority previously delegated to the Office of Motor Carrier Safety (OMCS) (65 FR 220). This authority is now delegated to the FMCSA.

The motor carrier functions of the OMCS’s Resource Centers and Division (i.e., State) Offices have been transferred to FMCSA Resource Centers and FMCSA Division Offices, respectively. Rulemaking, enforcement and other activities of the Office of Motor Carrier Safety while part of the FHWA, and while operating independently of the FHWA, will be continued by the FMCSA. The redelegation will cause no changes in the motor carrier functions and operations previously handled by the FHWA or the OMCS. For the time being, all phone numbers and addresses are unchanged.

Reason for Extending the Application Deadline

The FMCSA believes GPS technology and many of the complementary safety management computer systems currently available to the motor carrier industry provide at least the same degree of monitoring accuracy as 49 CFR 395.15. The FMCSA also believes extending the application deadline to enable other motor carriers to participate will help to demonstrate that the use of technology to reduce paperwork and minimize recordkeeping burdens is consistent with highway safety.

The FMCSA continues to receive letters or telephone calls from motor carriers expressing interest in participating in the GPS pilot demonstration project. Many of these motor carriers are either considering modifications to their current GPS technology programs, or planning to have changes made to GPS technology being purchased, in order to meet the hardware and software requirements for participation in the pilot demonstration project. The FMCSA is extending the application deadline until December 29, 2000, to provide these motor carriers with an opportunity to participate in the pilot demonstration project once they have in place the hardware and software needed to satisfy the criteria for participation. Motor carriers that wish to participate in the pilot demonstration project must have GPS technology and complementary safety management computer systems which meet all of the
conditions specified in the April 6, 1998, notice.

Authority: 49 U.S.C. 31136, and 31502; and 49 CFR 1.73.

Issued on: January 26, 2000.

[Docket No. MARAD–2000–6853]

Information Collection Available for Public Comments and Recommendations

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Maritime Administration’s (MARAD’s) intentions to request extension of approval for three years of a currently approved information collection.

DATES: Comments should be submitted on or before April 7, 2000.

Copies of this collection can also be obtained from that office.

SUPPLEMENTARY INFORMATION:

Title of Collection: Inventory of American Intermodal Equipment.

Type of Request: Extension of currently approved information collection.

OMB Control Number: 2133–0503.

Form Numbers: None.

Expiration Date of Approval: September 30, 2000.

Summary of Collection of Information: The collection consists of an intermodal equipment inventory that provides data essential to both the government and the transportation industry in planning for the most efficient use of intermodal equipment.

Need and Use of the Information: The information contained in the inventory provides data about U.S.-based companies that own or lease intermodal equipment and is essential to both government and industry in planning for contingency operations.

Description of Respondents: The report requests information from U.S. steamship and intermodal equipment leasing companies.

Annual Responses: 22.

Annual Burden: 66 hours.

Comments: Comments should refer to the docket number that appears at the top of this document. Written comments may be submitted to the Docket Clerk, U.S. DOT Dockets, Room PL–401, 400 Seventh Street, SW, Washington, DC 20590. Comments may also be submitted by electronic means via the Internet at http://dmses.dot.gov/submit. Specifically address whether this information collection is necessary for proper performance of the function of the agency and will have practical utility; accuracy of the burden estimates; ways to minimize this burden, and ways to enhance quality, utility, and clarity of the information to be collected. All comments received will be available for examination at the above address between 10 a.m. and 5 p.m. EDT, Monday through Friday, except Federal Holidays. An electronic version of this document is available on the World Wide Web at http://dms.dot.gov.
