BILLING CODE 6717-01-M

of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications received in the Office of the Secretary within the preceding 14 days. The documents may be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RM98-1-000]

Regulations Governing Off-the-Record Communications; Public Notice

February 1, 2000.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance

EXEMPT

1. CP98-150-000 and CP98-151-000	1-7-00	Steven C. Resler.
2. CP98-150-00 and CP98-151-000	1-12-00	Douglas P. Mackey.
3. CP99-94-000	1-7-00	Wayne E. Daltry.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6534-1]

Regulatory Reinvention (XL) Pilot Projects

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of Elmendorf Air Force Base Project XL Final Project Agreement and related documents.

SUMMARY: EPA is announcing the signing of the Project XL Final Project Agreement (FPA) for Elmendorf Air Force Base (EAFB).

DATES: The FPA was signed on December 15, 1999.

ADDRESSES: To obtain a copy of the Final Project Agreement, Fact Sheet, or public comments received, contact: Dave Bray, Office of Air Quality, OAQ-107, U.S. EPA Region 10, 1200 Sixth Avenue, Seattle, WA 98101, or L. Nancy Birnbaum, U.S. EPA, 401 M Street, SW,

Room 1025WT (1802), Washington, DC 20460. The documents are also available via the Internet at the following location: "<http://www.epa.gov/ProjectXL>". In addition, public files on the Project are located at EPA Region X in Seattle. Questions to EPA regarding the documents can be directed to Dave Bray at (206) 553-4253 or L. Nancy Birnbaum at (202) 260-2601. Additional information on Project XL, including documents referenced in this notice, other EPA policy documents related to Project XL, regional XL contacts, application information, and descriptions of existing XL projects and proposals, is available via the Internet at "<http://www.epa.gov/ProjectXL>".

SUPPLEMENTARY INFORMATION: The FPA is a voluntary agreement developed by EAFB, stakeholders, the State of Alaska, and EPA. Project XL, announced in the **Federal Register** on May 23, 1995 (60 FR 27282), gives regulated sources the flexibility to develop alternative strategies that will replace or modify specific regulatory requirements on the condition that they produce greater environmental benefits.

On November 5, 1999, EPA announced the availability of the draft FPA in the **Federal Register** (64 FR 60443) and requested comments. As a result of that announcement, EPA received one comment from the Trustees for Alaska. The comment and EPA's response to it are available from the contacts listed in the **ADDRESSES** section and on the Project XL website at <http://www.epa.gov/ProjectXL>. No other comments were received.

The project will streamline the application, implementation, management, and renewal process for EAFB's Title V permit, through reduced scope of applicability, monitoring, and recordkeeping. EAFB estimates that total monitoring, recordkeeping, reporting, and overall management costs would decrease by about 80 percent, yielding about \$1.5 million in savings. These realized cost savings will be directed toward pollution prevention (P2) opportunities. One such P2 project involves installation of a compressed natural gas (CNG) fueling station, the purchase of new CNG vehicles, and the conversion of certain base fleet vehicles to be capable of using CNG as an alternative fuel. Any additional cost savings will be applied to another pollution prevention project(s) agreed to by the parties. A list of additional feasible projects available at EAFB has been developed, along with the estimated costs and environmental benefits of each. While this list focuses primarily on hazardous air contaminant

reduction projects, EAFB will hold at least one public meeting to discuss these and other possible pollution prevention opportunities. Upon concurrence of the parties, a supplemental agreement will be developed, setting forth the project(s) selected and any necessary measures to assure their performance.

Dated: January 11, 2000.

Richard T. Farrell,

Associate Administrator, Office of Reinvention.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 92-237; DA 00-169]

Next Meeting of the North American Numbering Council

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: On February 3, 2000, the Commission released a public notice announcing the February 22 and 23, 2000, meeting and agenda of the North American Numbering Council (NANC). For reasons described below, a portion of the meeting will be closed to the public on Wednesday, February 23, from 8:30 a.m. until 11 a.m. The intended effect of this action is to make the public aware of the NANC's next meeting and its agenda.

FOR FURTHER INFORMATION CONTACT: Jeannie Grimes at (202) 418-2320 or jgrimes@fcc.gov. The address is: Network Services Division, Common Carrier Bureau, Federal Communications Commission, The Portals, 445 12th Street, S.W., Suite 6A320, Washington, DC 20554. The fax number is: (202) 418-2345. The TTY number is: (202) 418-0484.

SUPPLEMENTARY INFORMATION: Released: February 3, 2000.

The North American Numbering Council (NANC) has scheduled a meeting to be held Tuesday, February 22, 2000, from 8:30 a.m. until 5 p.m., and on Wednesday, February 23, from 8:30 a.m. until 12 noon. The meeting will be held at the Federal Communications Commission, Portals II, 445 Twelfth Street, S.W., Room TW-C305, Washington, DC.

The meeting is to be held on Tuesday, February 22, 2000 from 8:30 a.m. until 5 p.m., and Wednesday, February 23, 11 a.m. until 12 noon meeting segment are open to the members of the general public. The FCC will attempt to

accommodate as many participants as possible. The public may submit written statements to the NANC, which must be received two business days before the meeting. In addition, oral statements at the meeting by parties or entities not represented on the NANC will be permitted to the extent time permits. Such statements will be limited to five minutes in length by any one party or entity, and requests to make an oral statement must be received two business days before the meeting. Requests to make an oral statement or provide written comments to the NANC should be sent to Jeannie Grimes at the address under **FOR FURTHER INFORMATION CONTACT** stated above.

It has been determined that the portion of the meeting to be held on Wednesday, February 23, 2000 from 8:30 a.m. until 11 a.m. will be closed to the general public. In response to NANC Chairman John R. Hoffman's request, after review by the General Counsel, FCC Chairman William E. Kennard, has determined that this portion of the February 23, 2000, meeting of the NANC may be closed to the public. In making this determination, Chairman Kennard stated: Given that the NANC's review, at the meeting, of the proposal by NeuStar, Inc., to provide number pooling administration is likely to involve disclosure of trade secrets and commercial or financial information obtained from a person and privileged or confidential, that portion of the NANC meeting is subject to the Government in Sunshine Act's (GISA) allowance for closure of meetings otherwise required to be open to the public. See GISA Section 552b(c)(4). Under the Federal Advisory Committee Act, 5 U.S.C., App. 2 (1988) (FACA), the requirement that Federal Advisory Committee meetings be open to the public is, therefore, not applicable to the above-specified portion of the February 23, 2000 meeting of the NANC.

Proposed Agenda—Tuesday, February 22, 2000

1. Approval of January 18-19, 2000, meeting minutes.
2. North American Numbering Plan Administration (NANPA) Report.
3. North American Numbering Plan Administration (NANPA) Oversight Working Group Report.
4. Numbering Resource Optimization (NRO) Working Group Report.
5. Local Number Portability Administration (LNPA) Working Group Report.
6. Cost Recovery Working Group Report.
7. Industry Numbering Committee (INC) Report.
